Revision of Precautions

Freeze-dried live attenuated mumps virus vaccine

January 9, 2015

Non-proprietary Name

freeze-dried live attenuated mumps virus vaccine

Safety measure

Precautions should be revised in the package insert.

In the Clinically significant adverse reactions subsection of the Adverse reactions section, the following texts should be added (underlined parts are revised):

Acute pancreatitis:

Acute pancreatitis may occur. Patients should be carefully monitored. If any abnormalities such as abdominal pain, pyrexia, nausea, vomiting, and increased serum amylase are observed, appropriate measures should be taken.
