# Revision of Precautions Risperidone (injections)

March 22, 2016

## **Non-proprietary name**

Risperidone (injections)

## **Safety measure**

Precautions should be revised in the package insert.

In the Clinically significant adverse reaction subsection of the Adverse reaction section, the following text should be added (underlined parts are revised):

### Anaphylaxis:

Anaphylaxis may occur. Patients should be carefully monitored. If any abnormalities are observed, administration of this drug should be discontinued and appropriate measures should be adopted. Furthermore, cases of anaphylaxis have been reported in patients who have previously tolerated oral risperidone.
