Revision of Precautions

Oseltamivir phosphate

March 1, 2019

Non-proprietary name

Oseltamivir phosphate

Safety measure

Precautions should be revised in the package insert.

The following language should be added to the Important Precautions section (revised language is underlined):

Bleeding may occur. Patients and their families should be informed to contact the attending physician if any haemorrhage symptom such as bloody stool, haematemesis, or metrorrhagia are observed.

An Interactions section should be newly added and the following language should be included in the Precautions for Co-administration subsection (revised language is underlined):

Warfarin
