

Etodolac

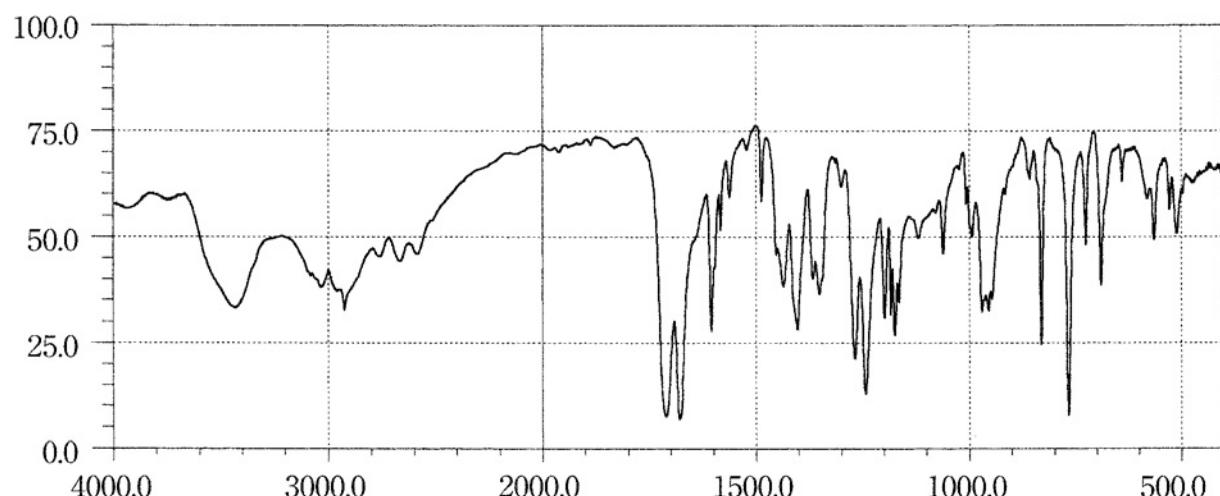

Preparation of sample: Potassium bromide disk method

Etoposide

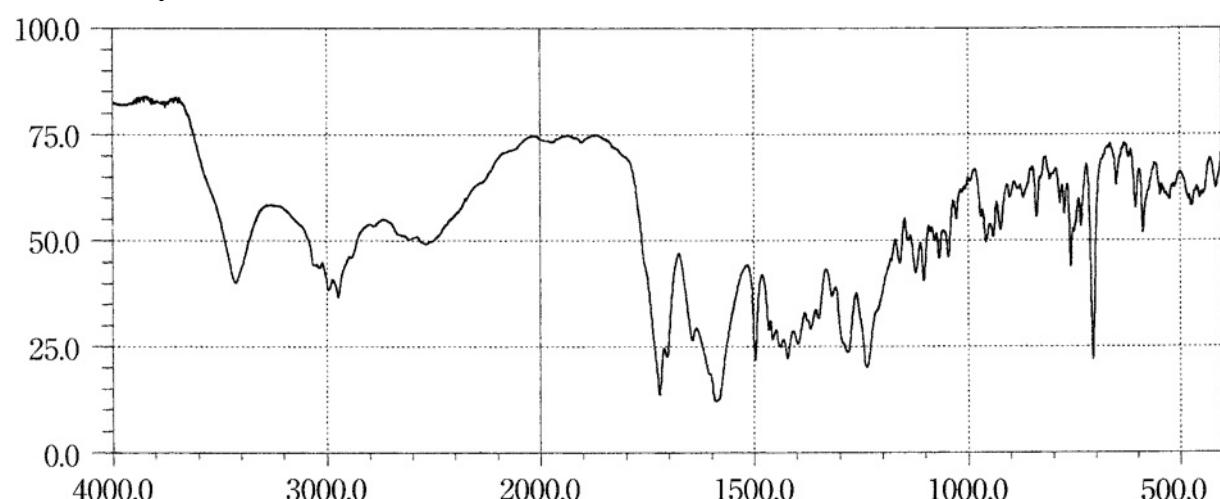

Preparation of sample: Potassium bromide disk method

Famotidine

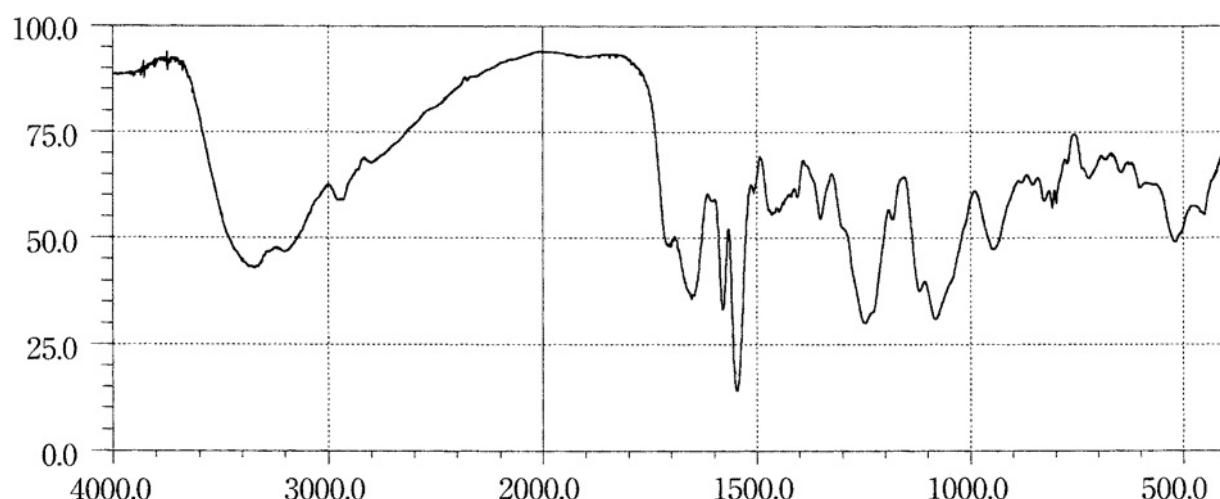

Preparation of sample: Potassium bromide disk method

Fenbufen

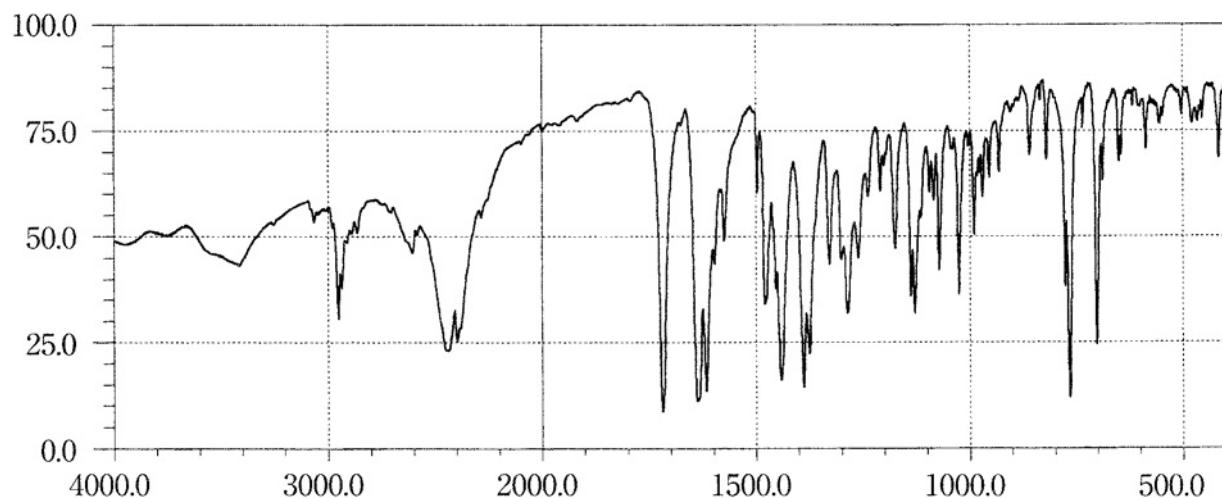

Preparation of sample: Potassium bromide disk method

Fentanyl Citrate

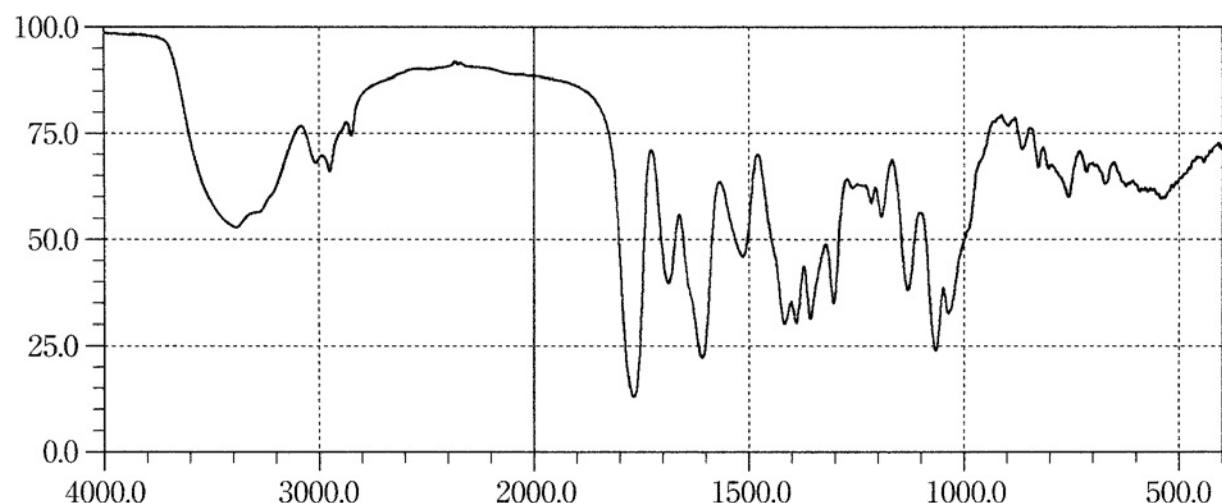

Preparation of sample: Potassium bromide disk method

Flavin Adenine Dinucleotide Sodium

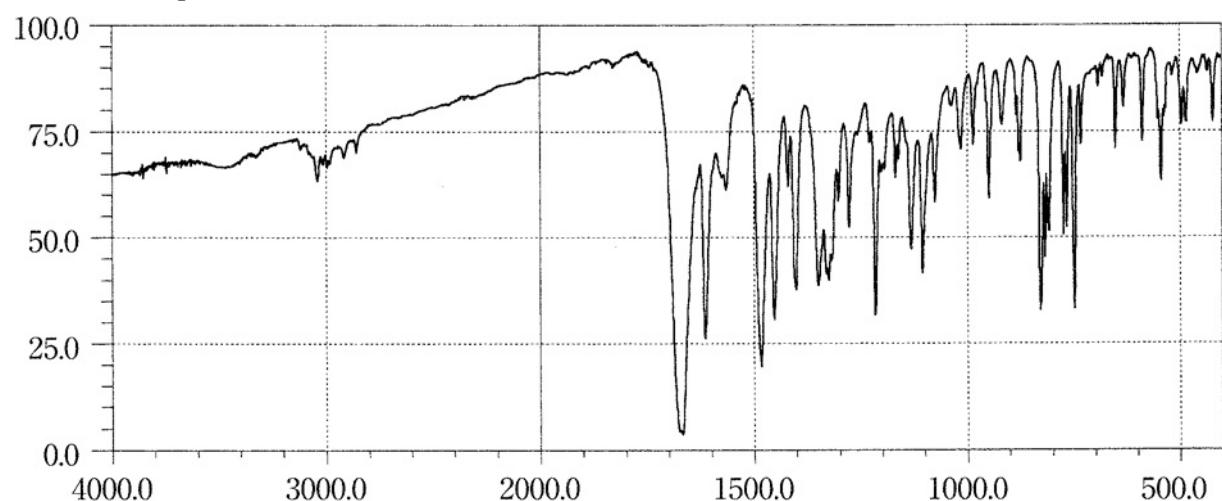

Preparation of sample: Potassium bromide disk method

Flavoxate Hydrochloride

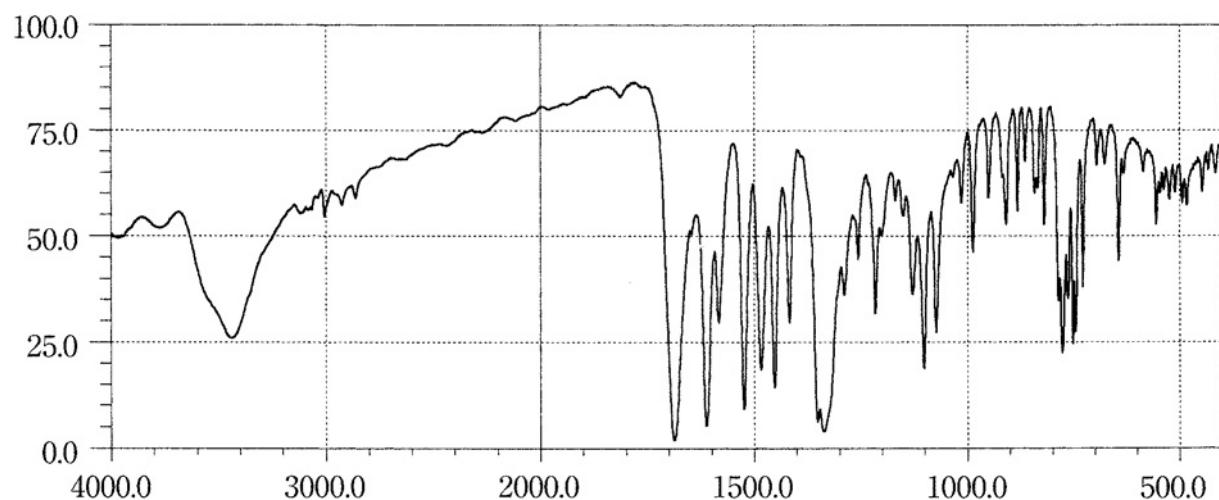

Preparation of sample: Potassium bromide disk method

Flomoxef Sodium

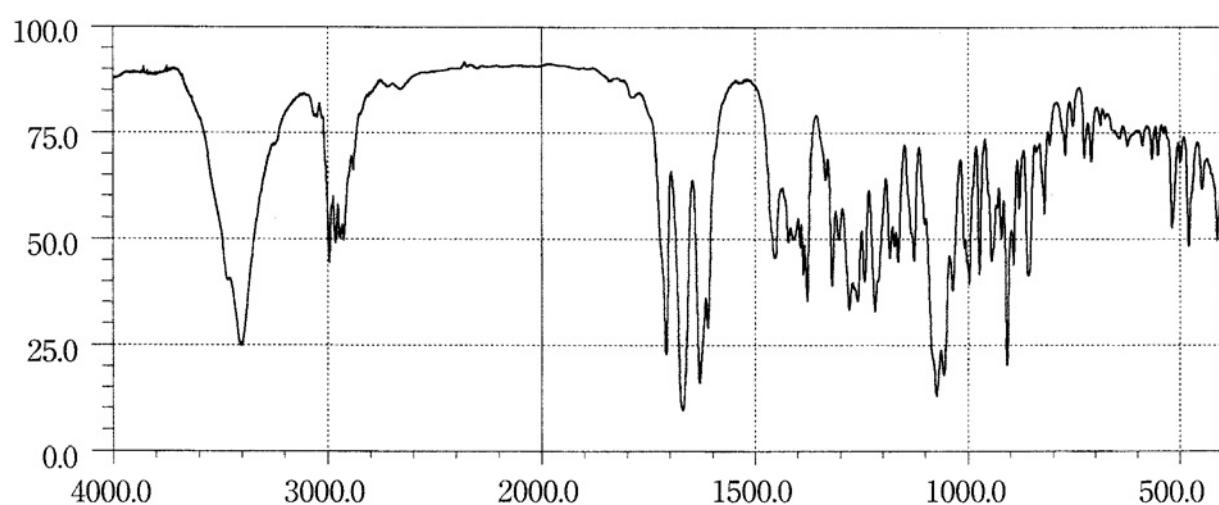

Preparation of sample: Potassium bromide disk method

Fludiazepam

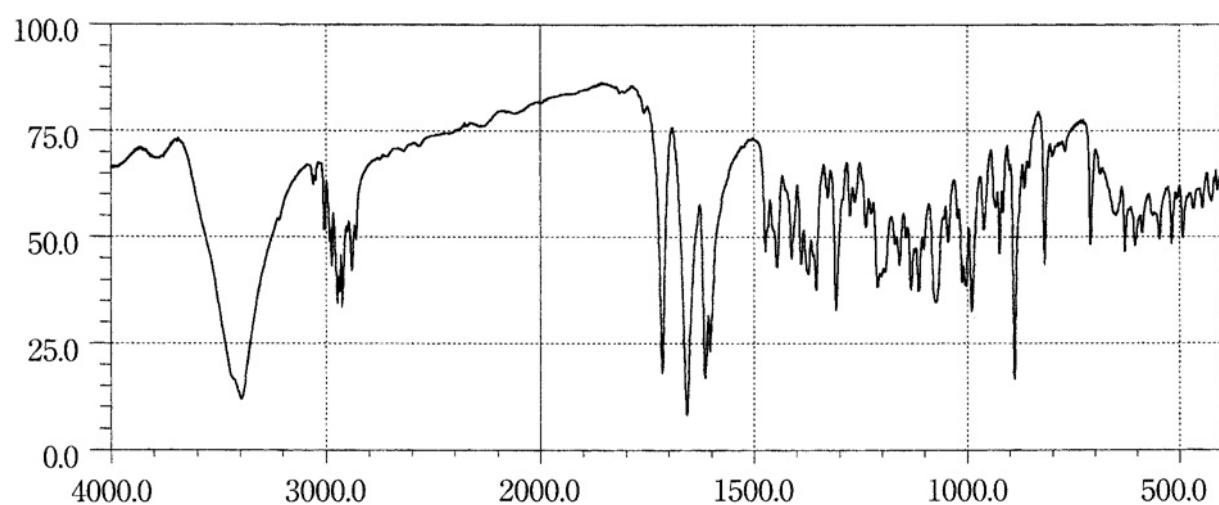

Preparation of sample: Potassium bromide disk method

Flunitrazepam

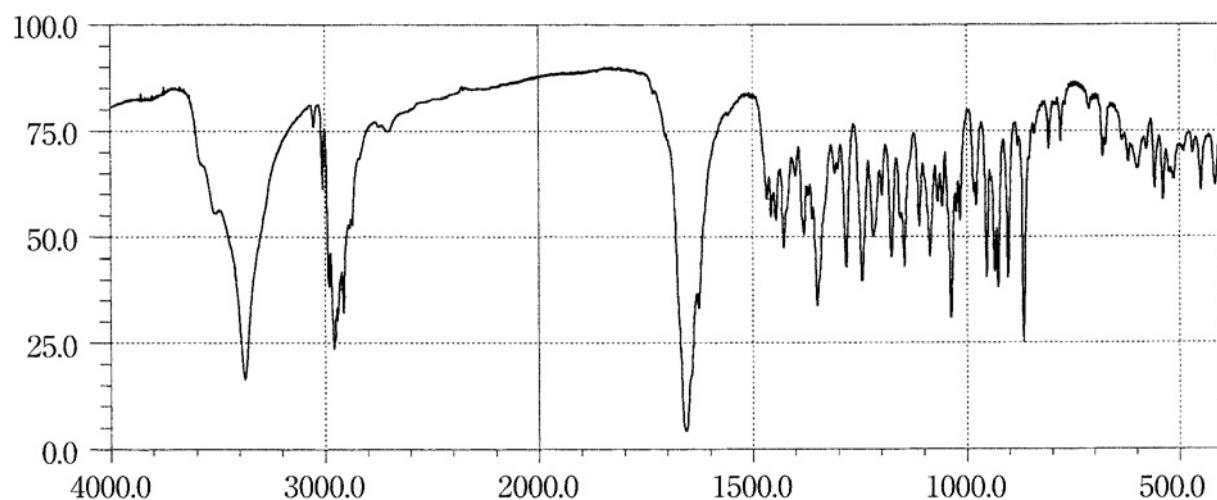

Preparation of sample: Potassium bromide disk method

Fluocinolone Acetonide

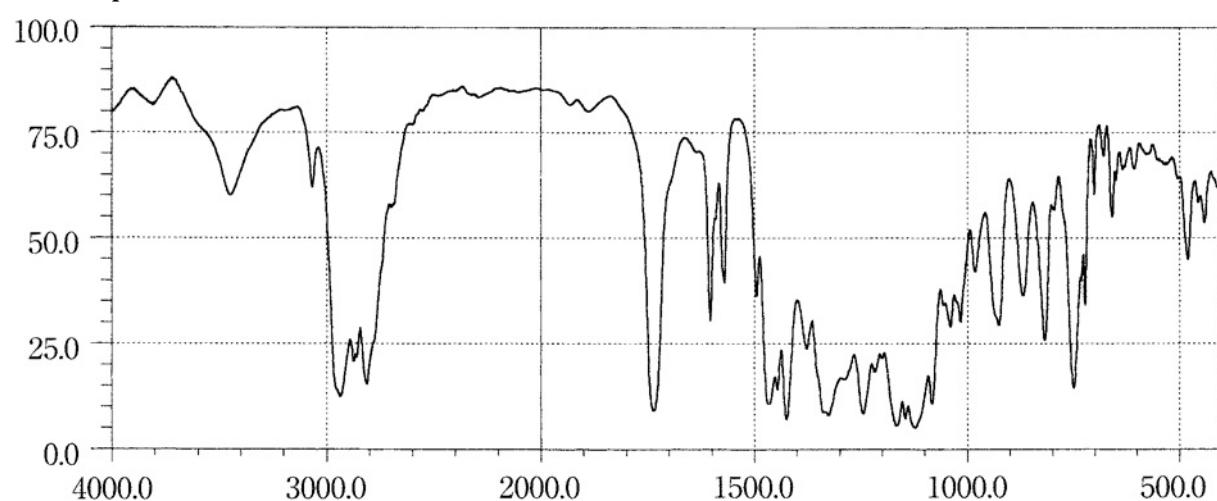

Preparation of sample: Potassium bromide disk method

Fluorometholone

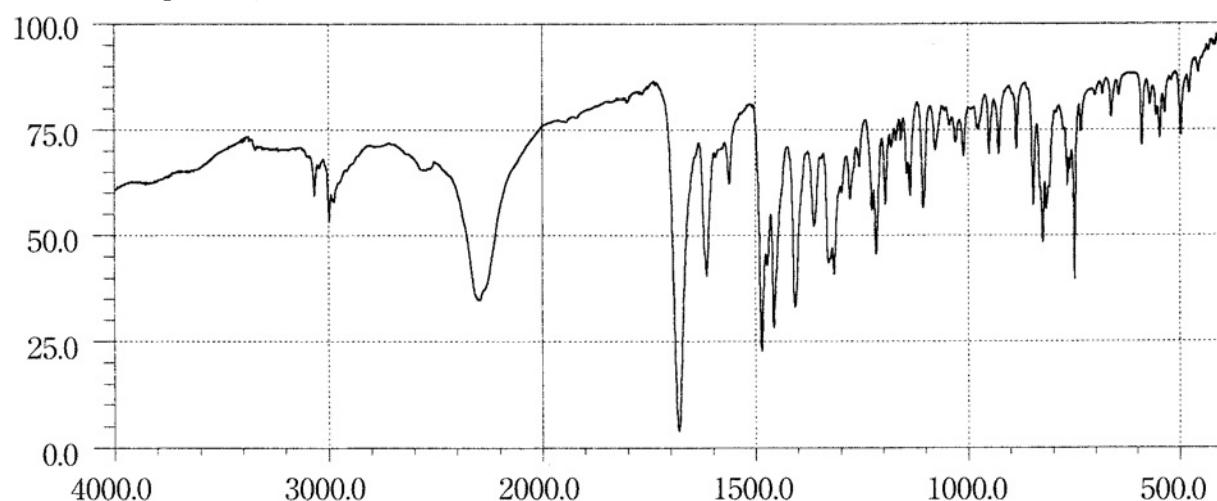

Preparation of sample: Potassium bromide disk method

Fluoxymesterone

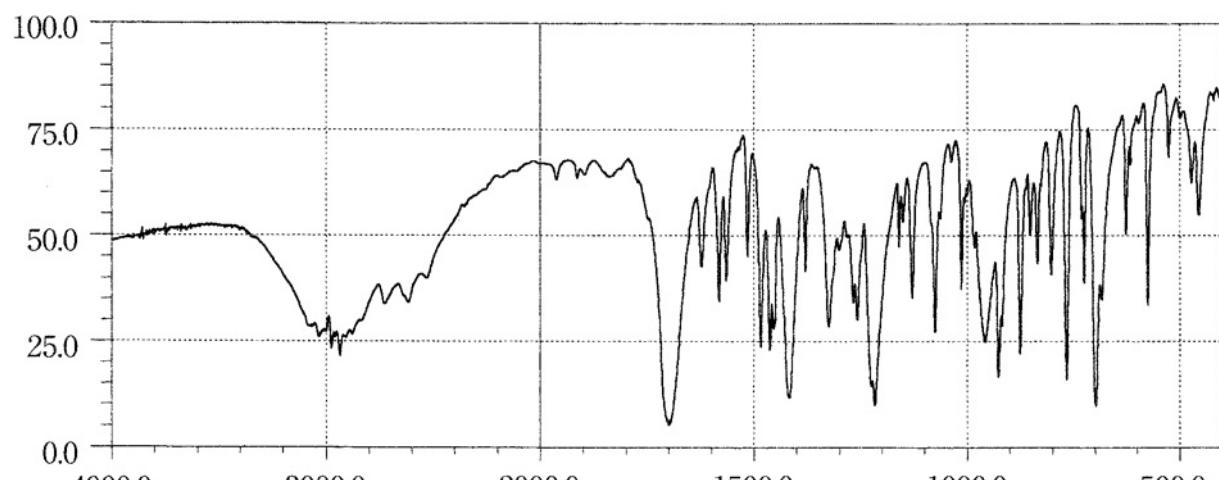

Preparation of sample: Potassium bromide disk method

Fluphenazine Enanthate

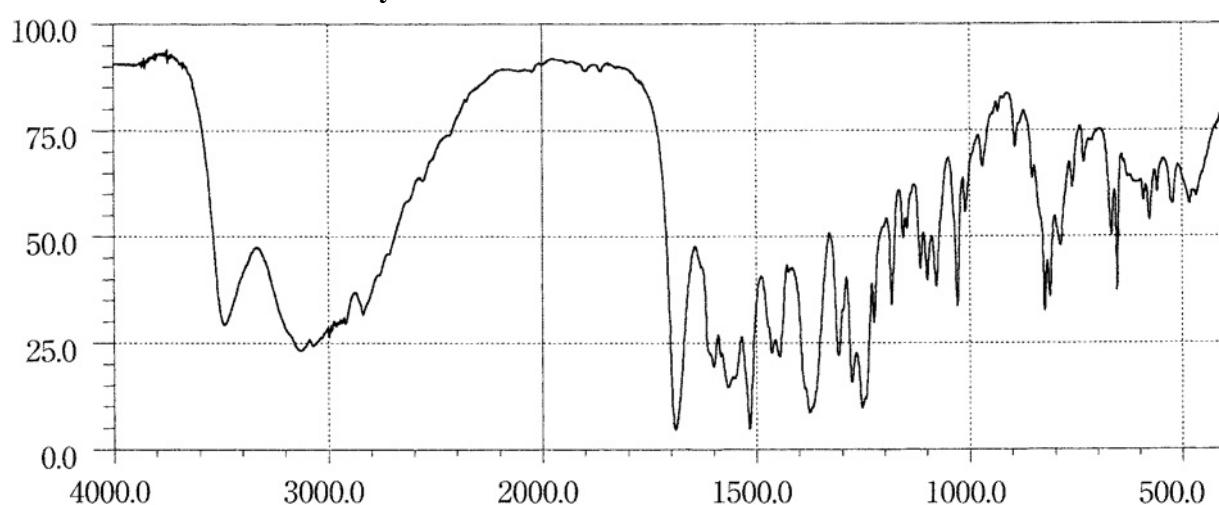

Preparation of sample: Liquid film method

Flurazepam Hydrochloride

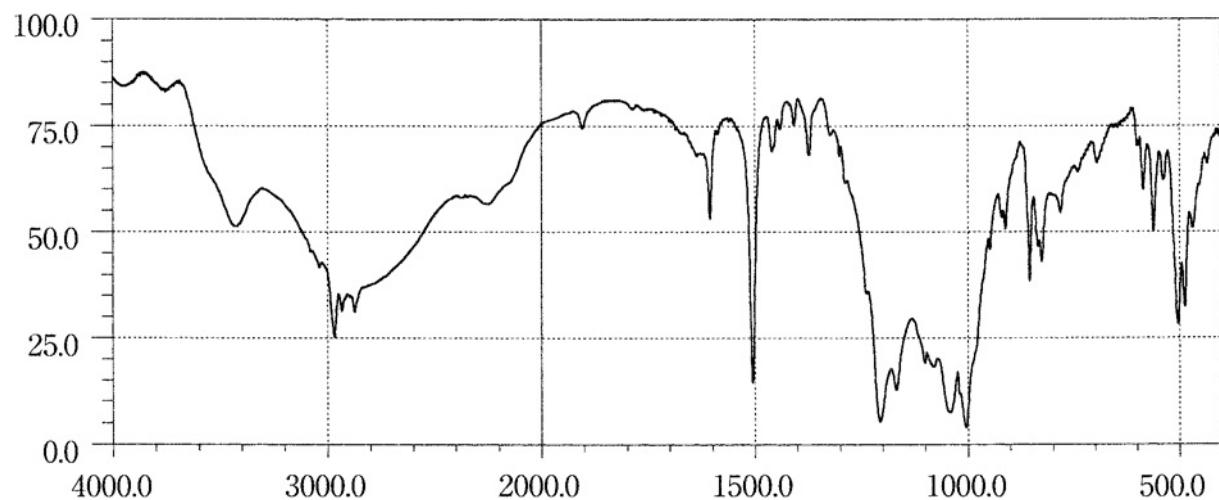

Preparation of sample: Potassium chloride disk method

Flurbiprofen

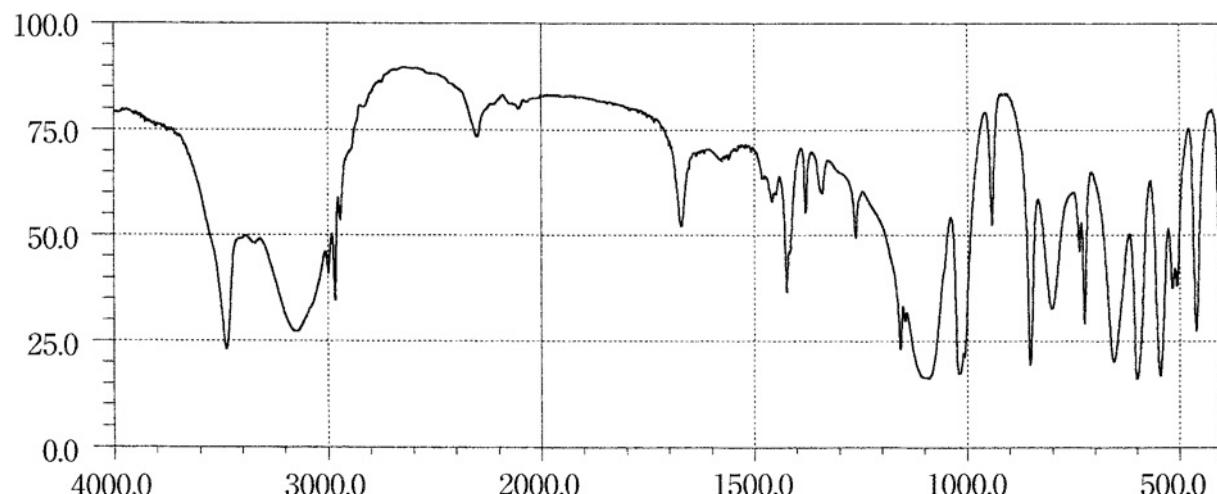

Preparation of sample: Potassium bromide disk method

Formoterol Fumarate Hydrate

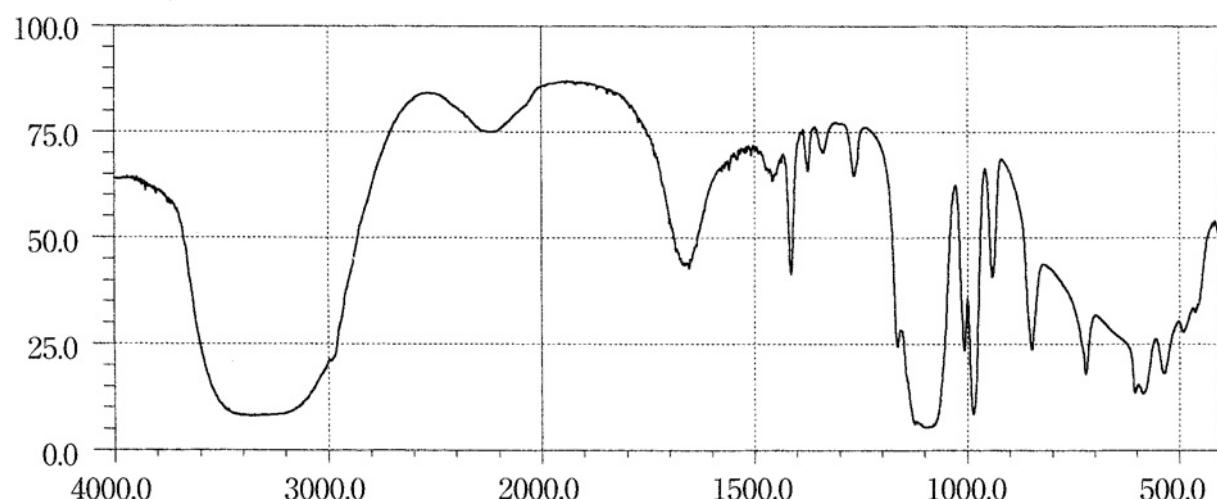

Preparation of sample: Potassium bromide disk method

Fosfestrol

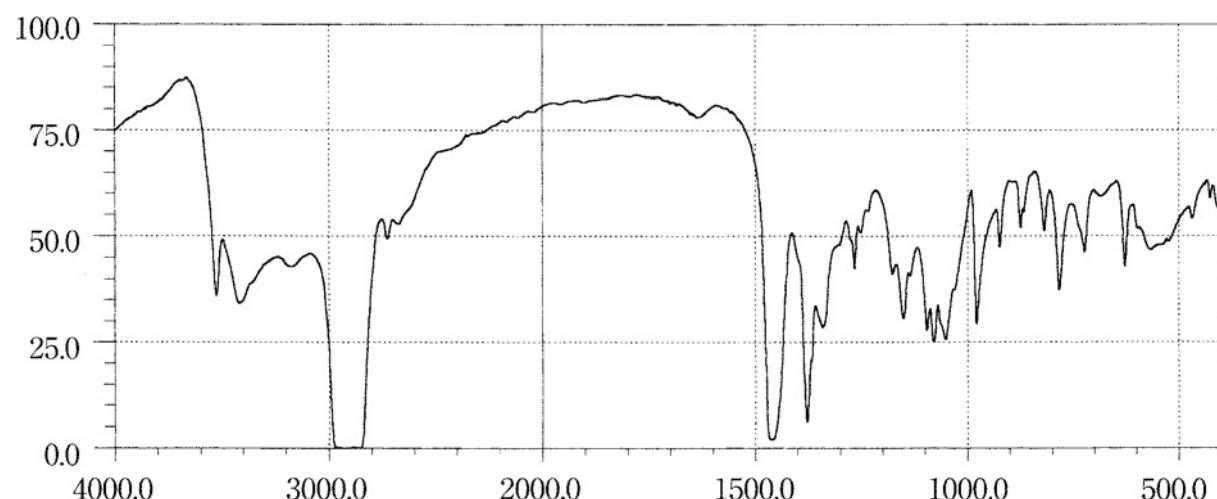

Preparation of sample: Potassium bromide disk method

Fosfomycin Calcium Hydrate

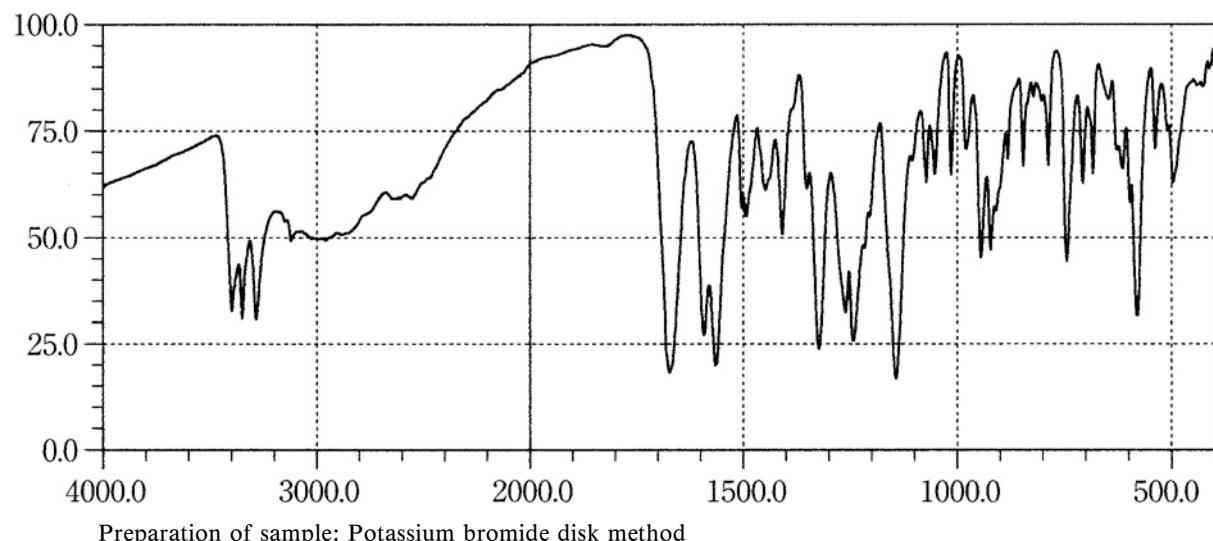

Preparation of sample: Potassium bromide disk method

Fosfomycin Sodium

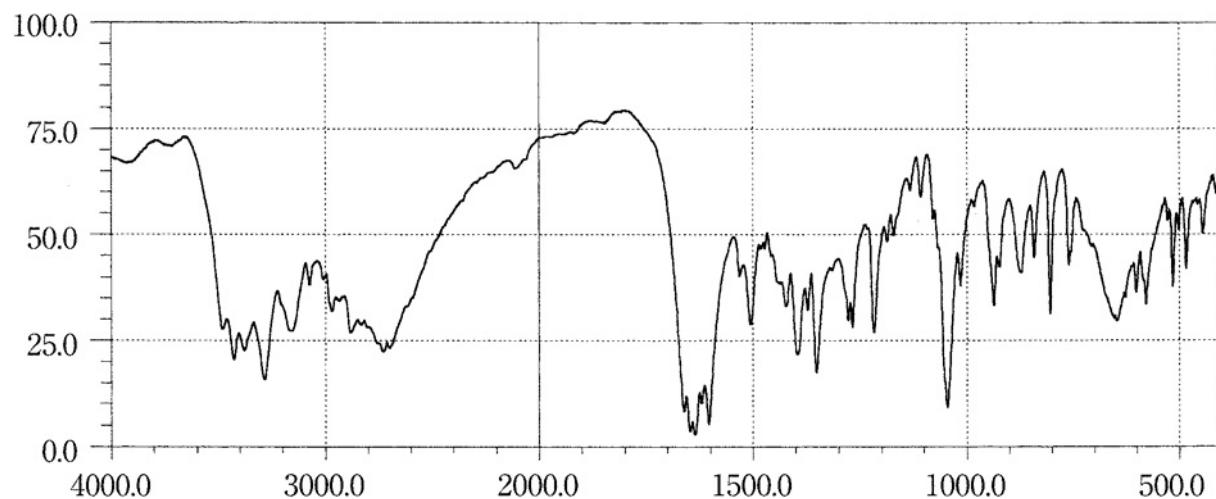

Preparation of sample: Potassium bromide disk method

Fructose

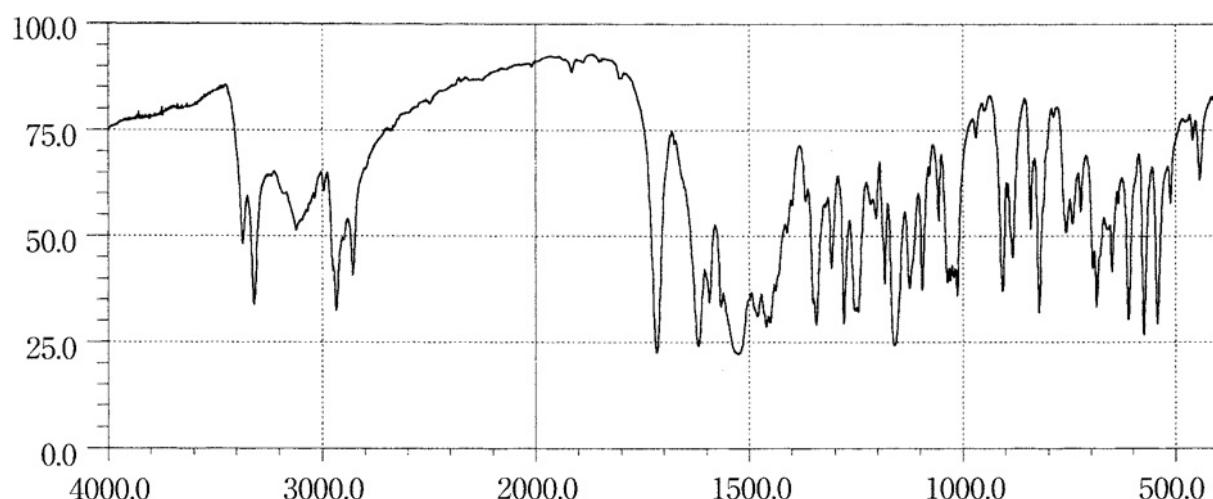

Preparation of sample: Paste method

Furosemide

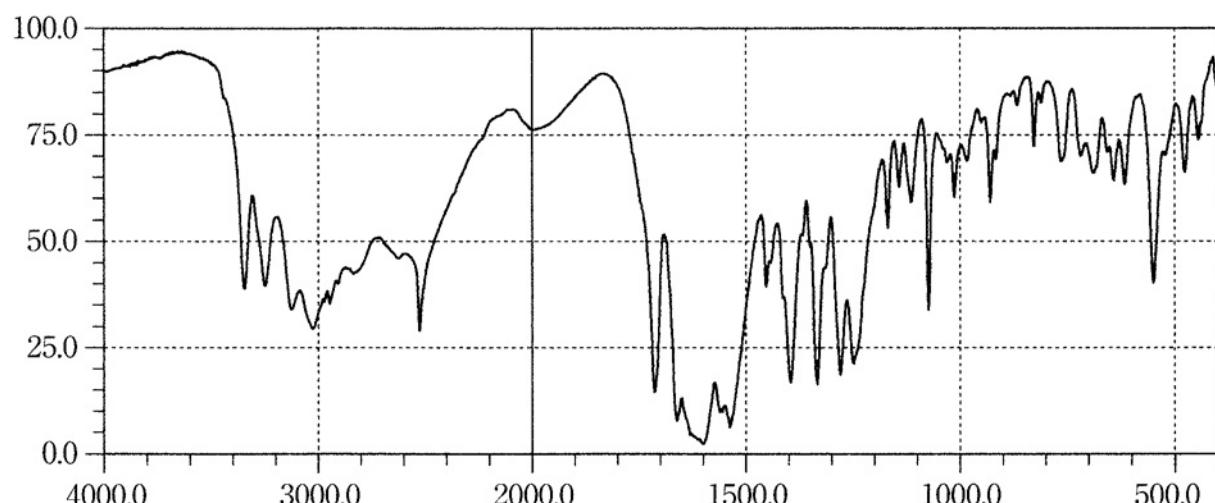

Preparation of sample: Potassium bromide disk method

Fursultiamine Hydrochloride

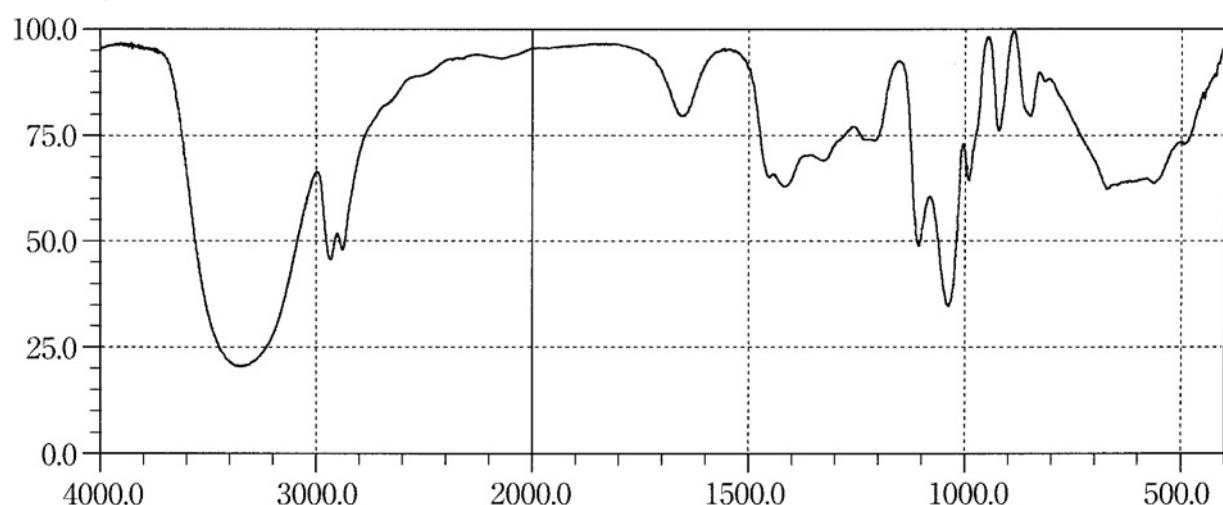

Preparation of sample: Potassium bromide disk method

Glibenclamide

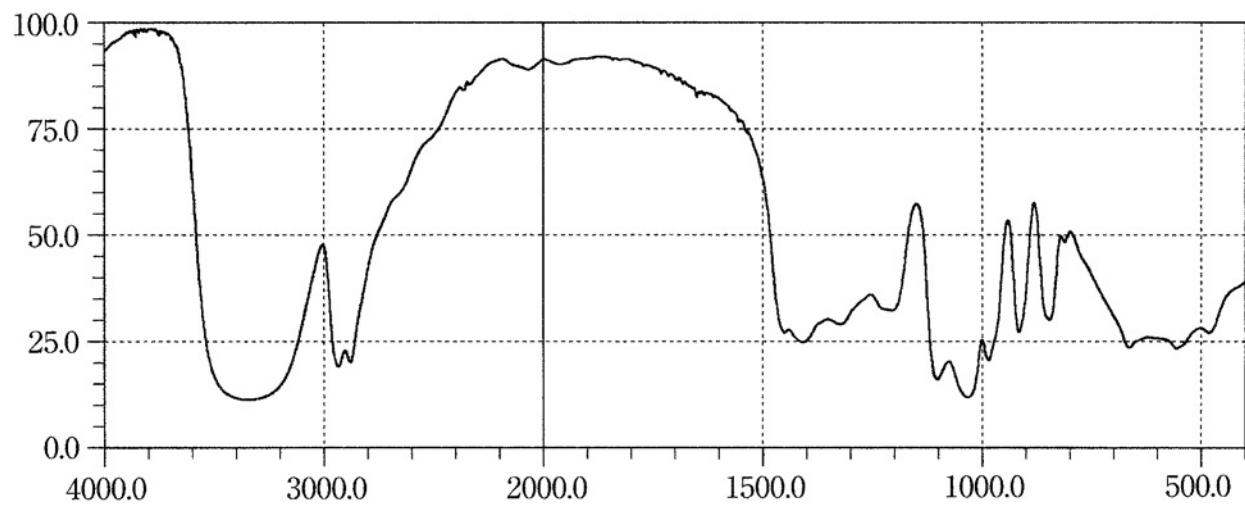

Preparation of sample: Potassium bromide disk method

Glutathione

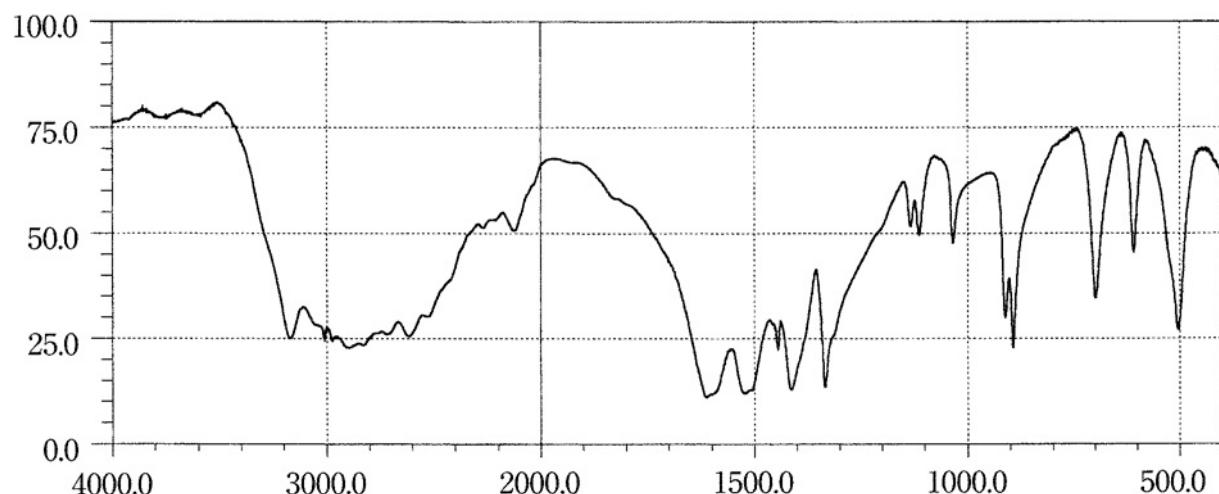

Preparation of sample: Potassium bromide disk method

Glycerin

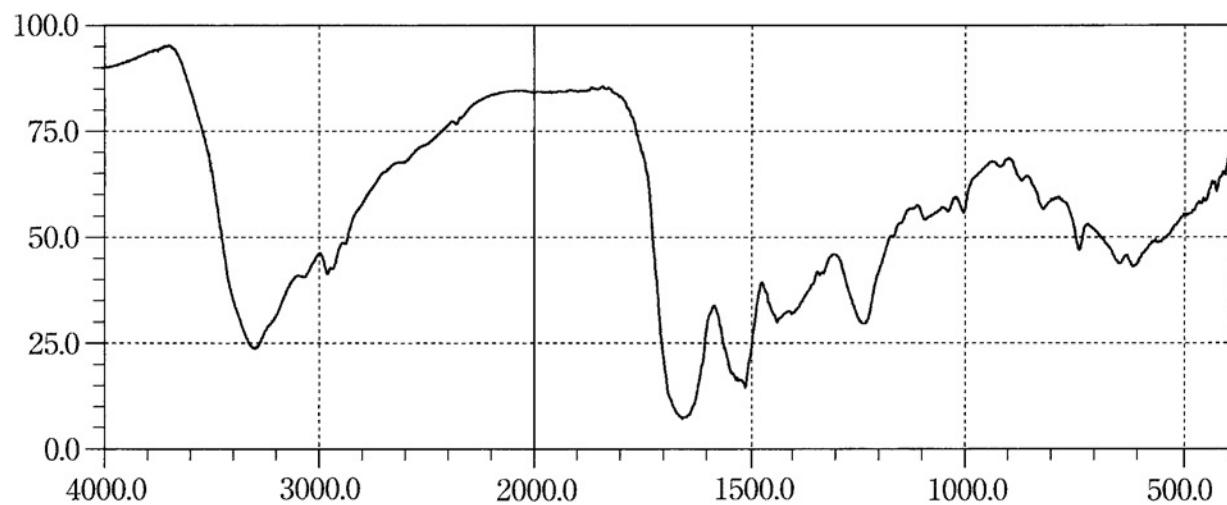

Preparation of sample: Liquid film method

Concentrated Glycerin

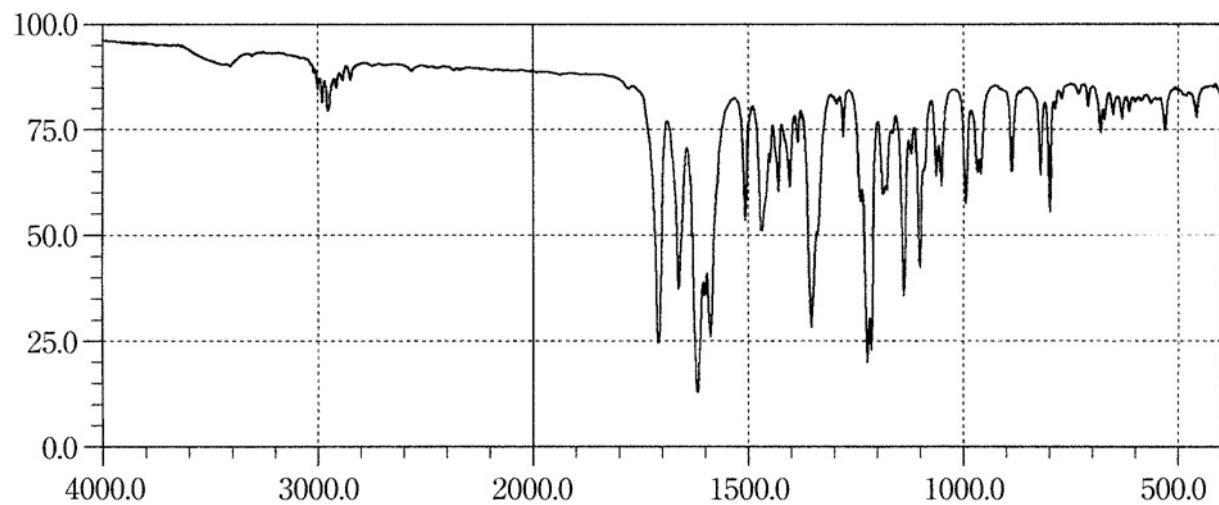

Preparation of sample: Liquid film method

Glycine

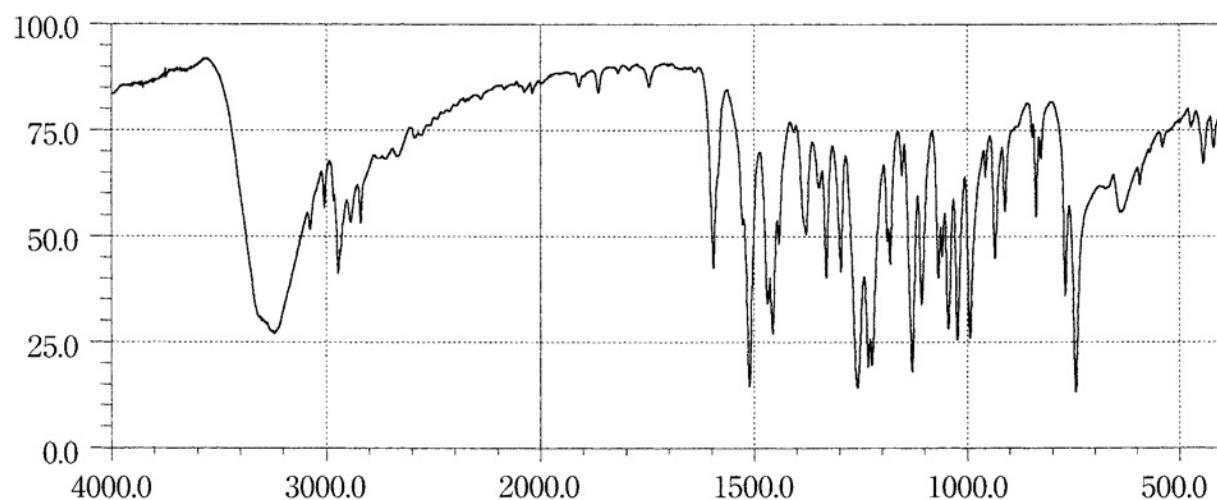

Preparation of sample: Potassium bromide disk method

Gonadrelin Acetate

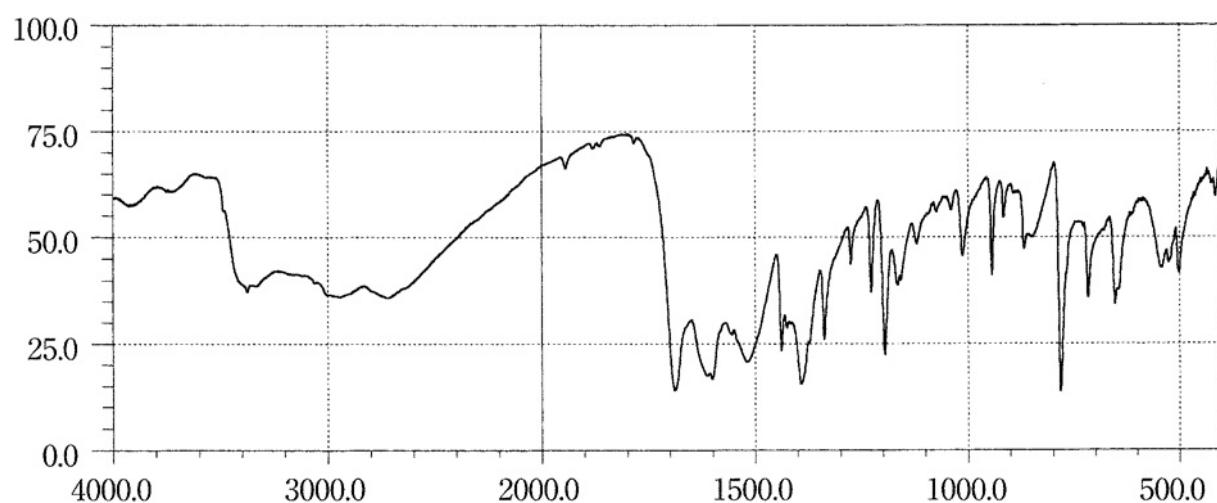

Preparation of sample: Potassium bromide disk method

Griseofulvin

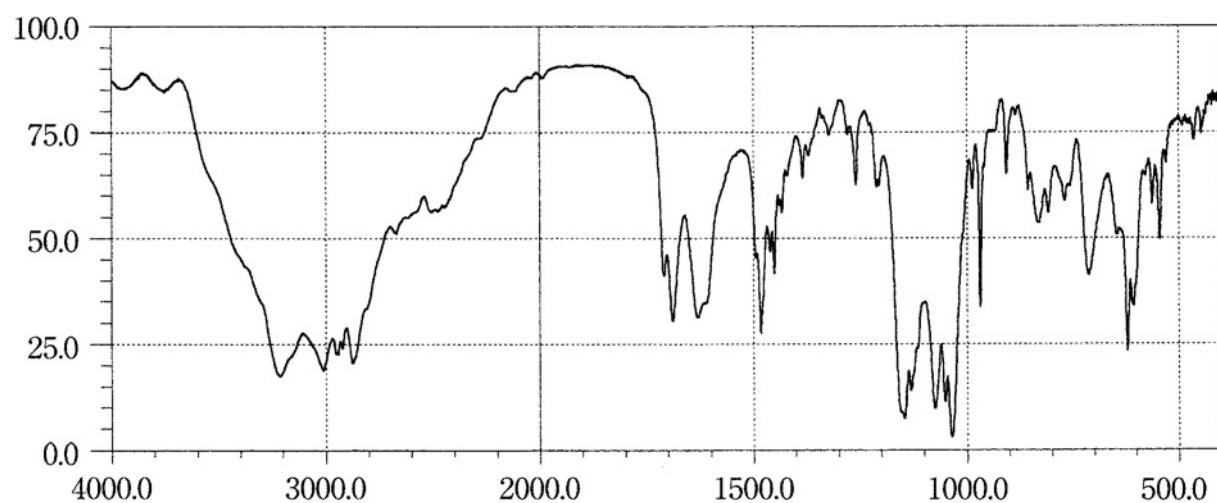

Preparation of sample: Potassium bromide disk method

Guaifenesin

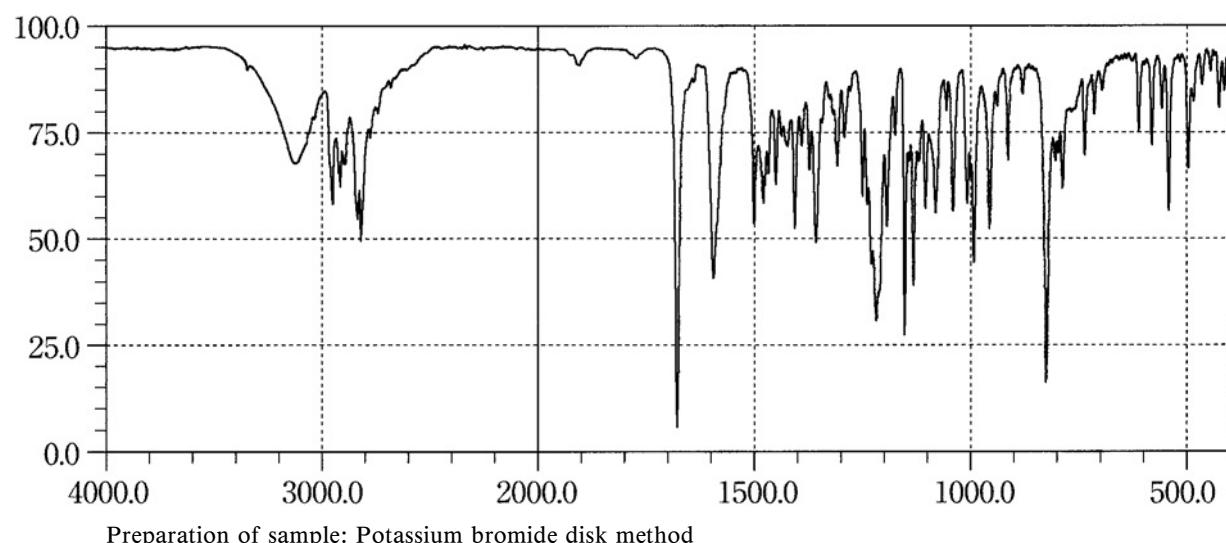

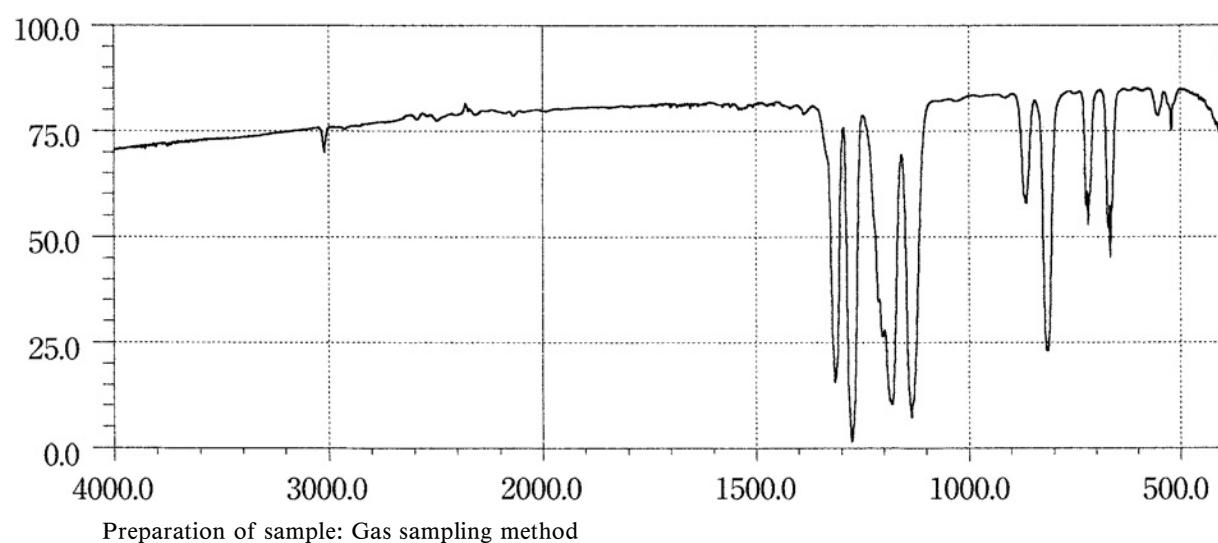

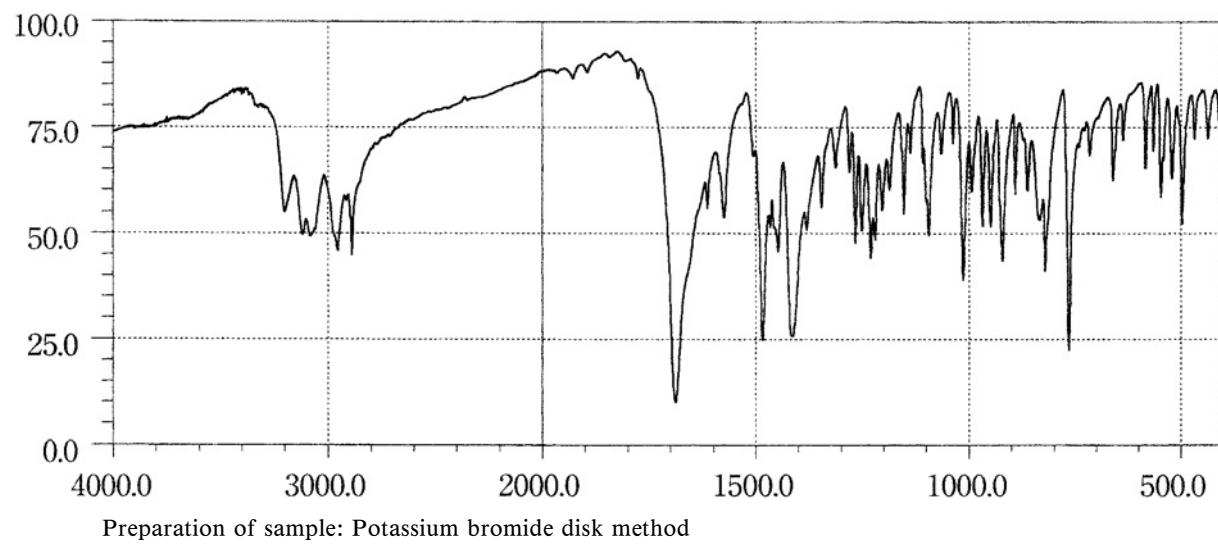

Preparation of sample: Potassium bromide disk method

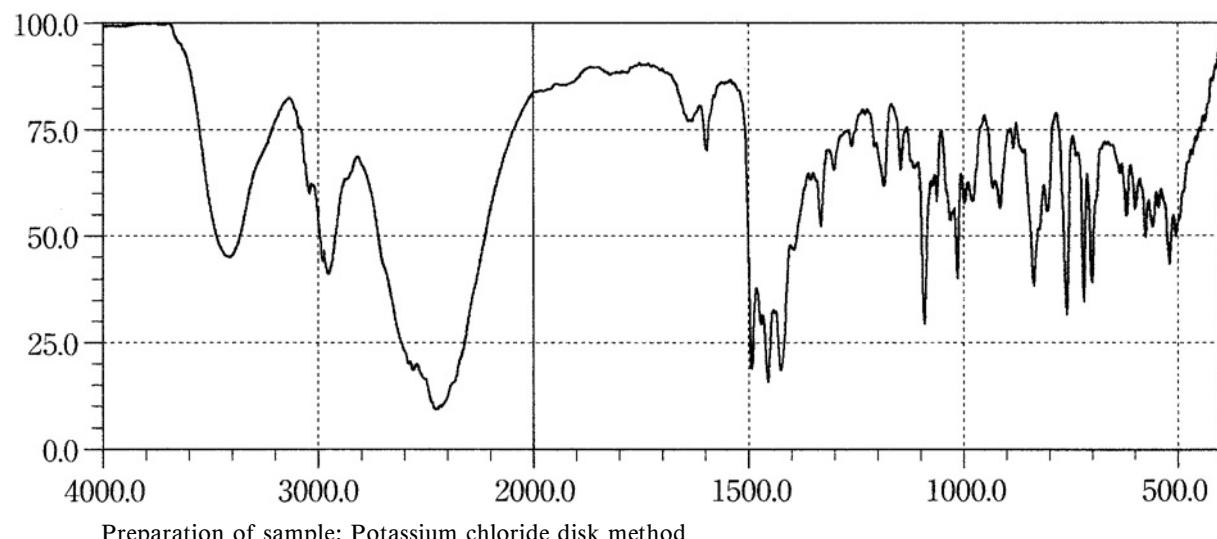

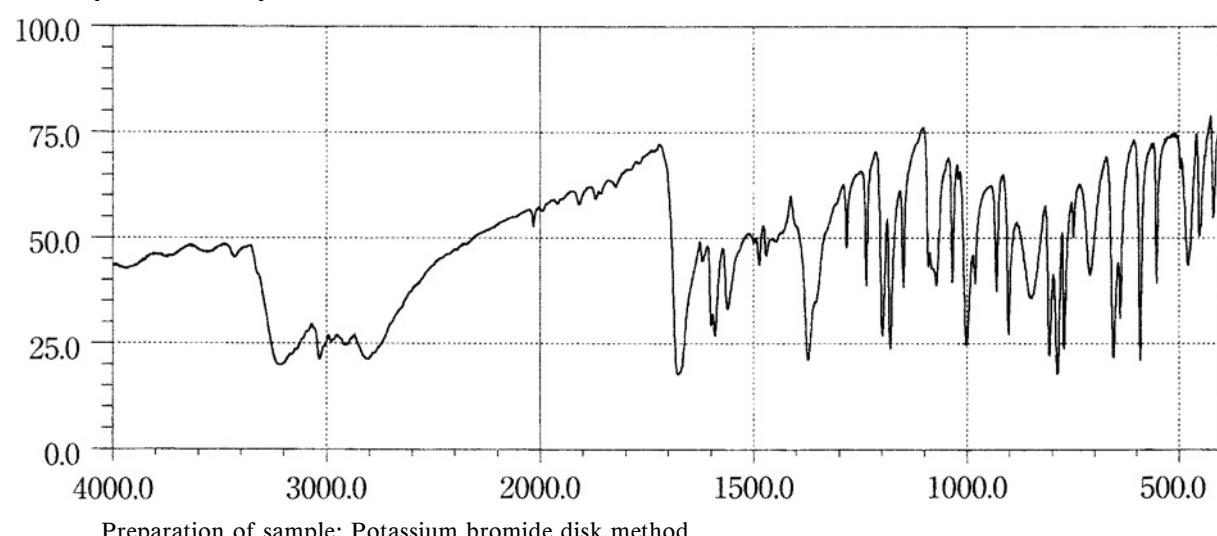

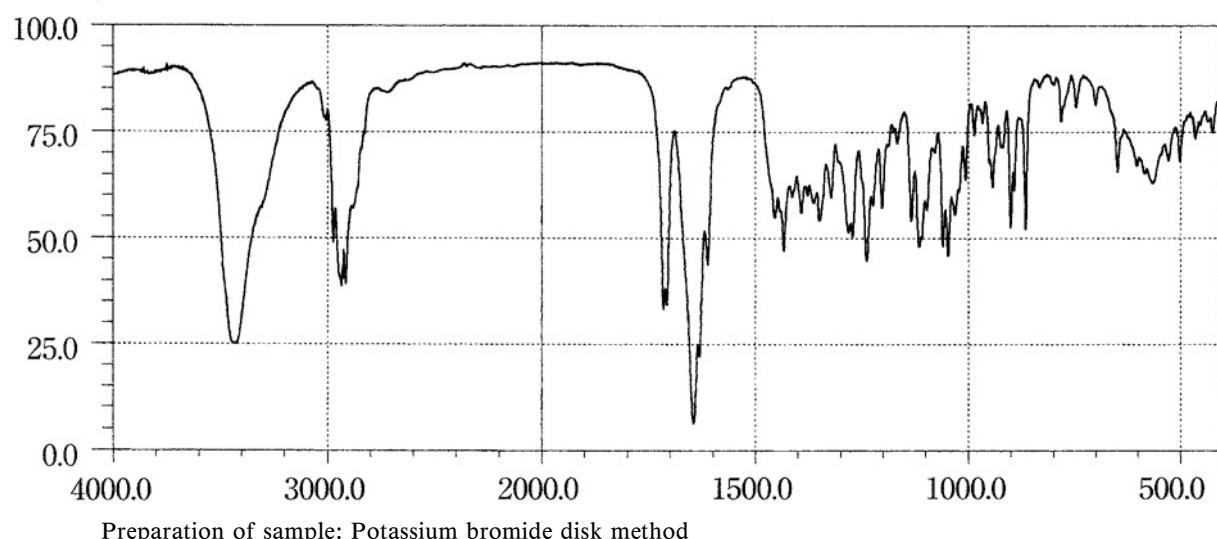

Guanabenz Acetate

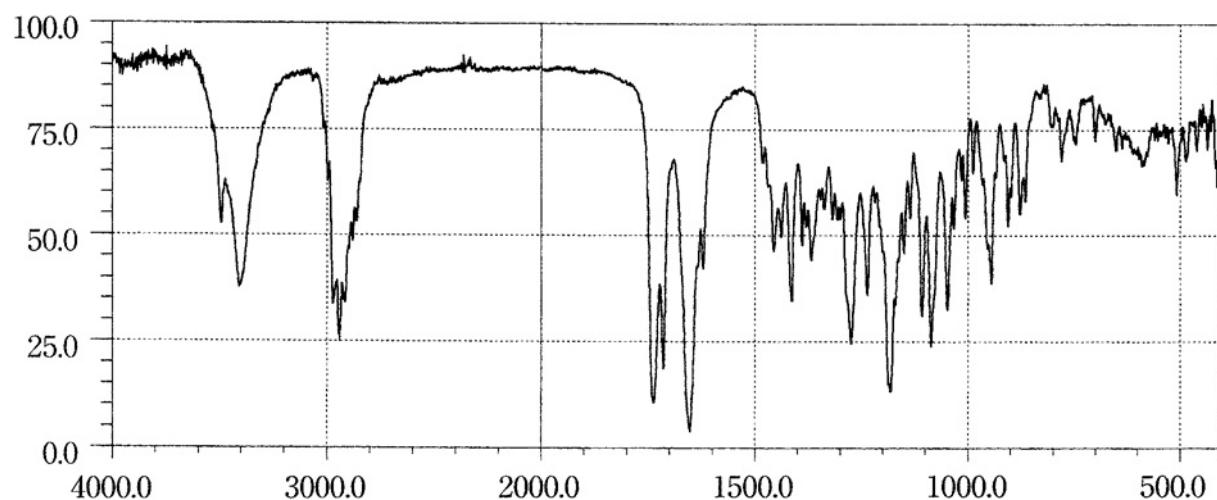

Preparation of sample: Potassium bromide disk method

Guanethidine Sulfate

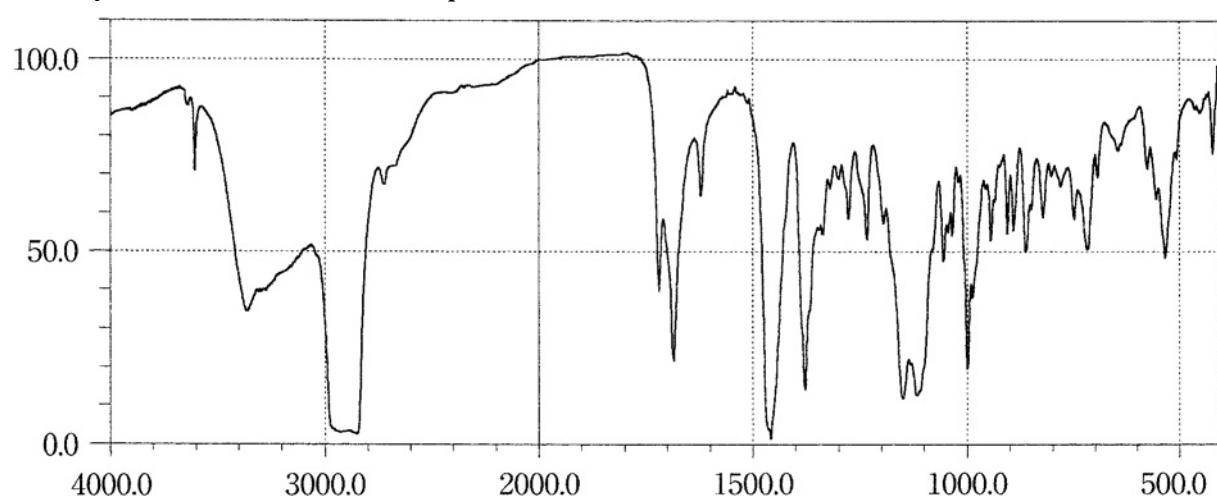

Preparation of sample: Potassium bromide disk method

Haloperidol**Halothane****Haloxazolam**

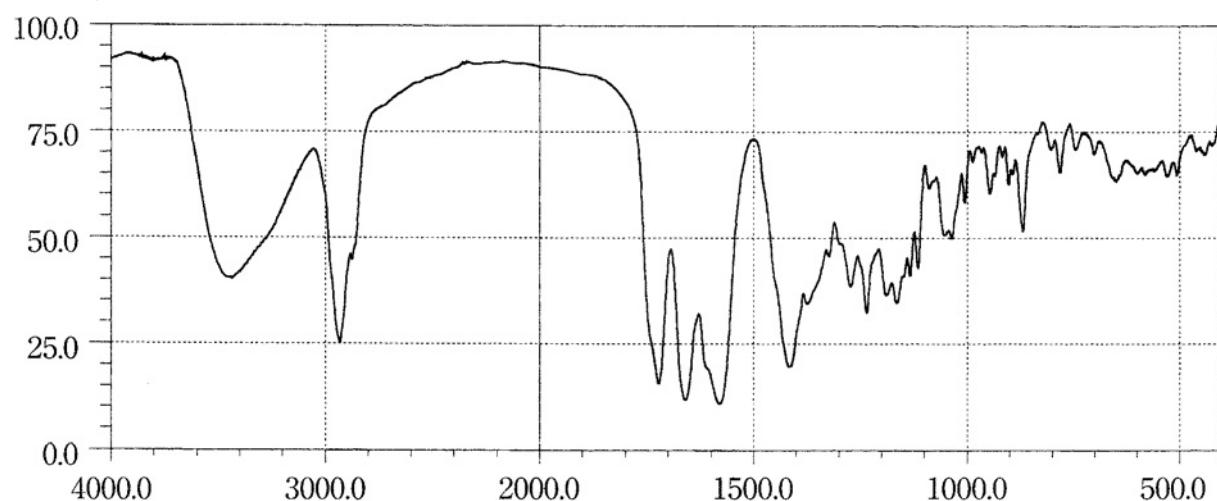

Homochlorcyclizine Hydrochloride**Hydralazine Hydrochloride****Hydrocortisone**

Hydrocortisone Butyrate

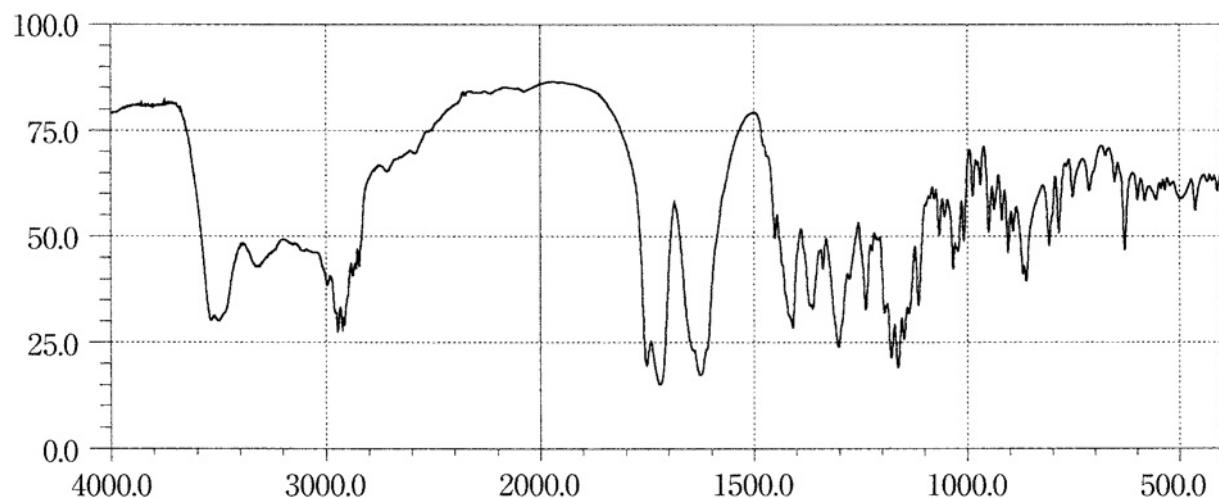

Preparation of sample: Potassium bromide disk method

Hydrocortisone Sodium Phosphate

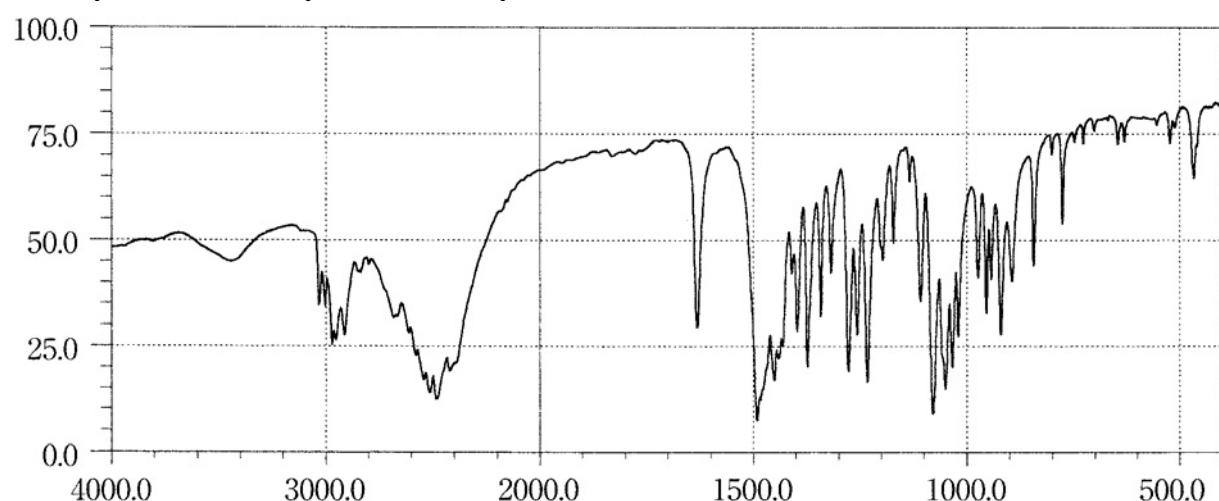

Preparation of sample: Paste method

Hydrocortisone Sodium Succinate

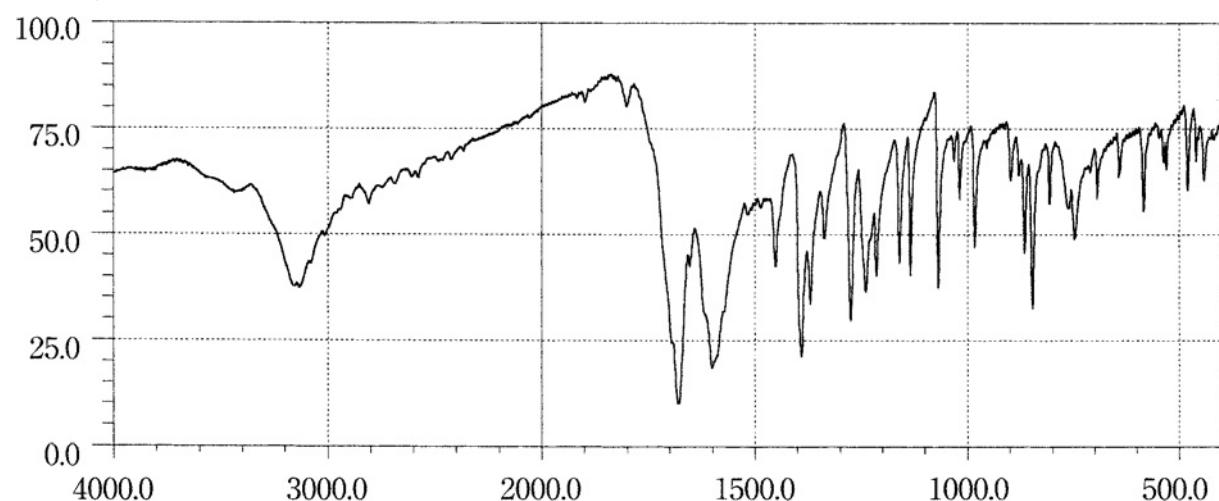

Preparation of sample: Potassium bromide disk method

Hydrocortisone Succinate

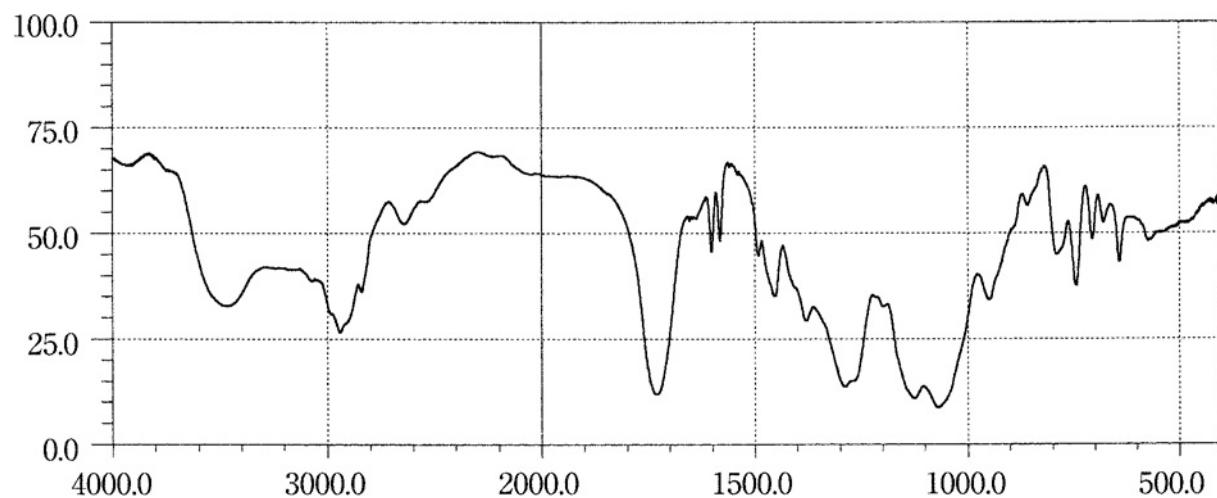

Preparation of sample: Potassium bromide disk method

Hydrocotarnine Hydrochloride Hydrate

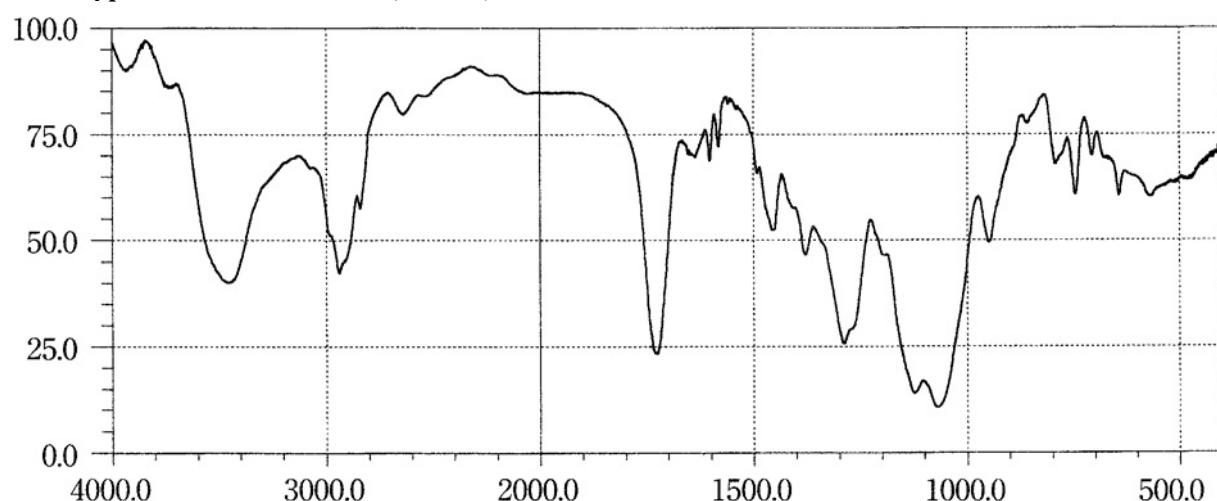

Preparation of sample: Potassium bromide disk method

Hymecromone

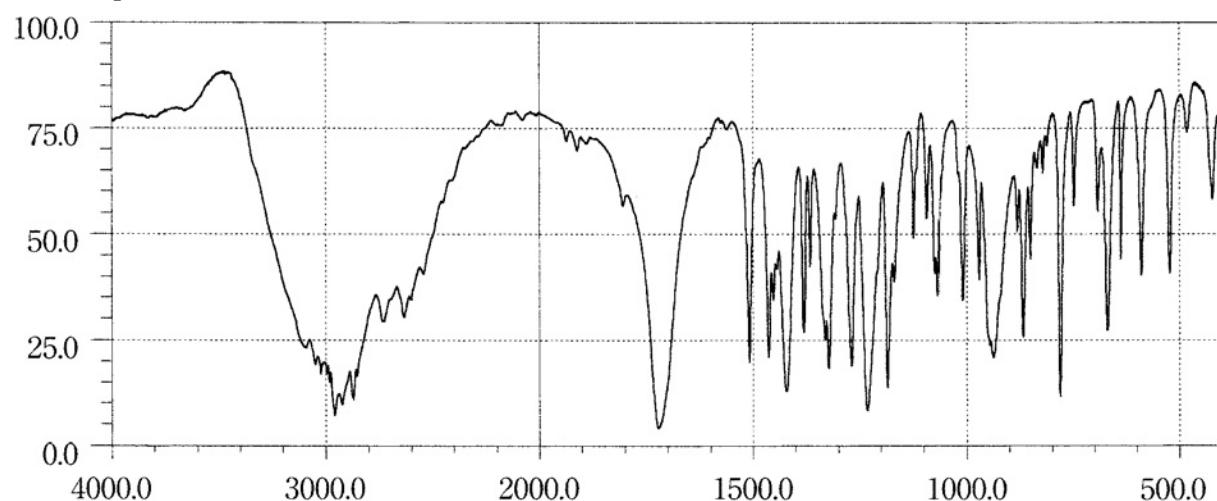

Preparation of sample: Potassium bromide disk method

Hypromellose Phthalate (200713)

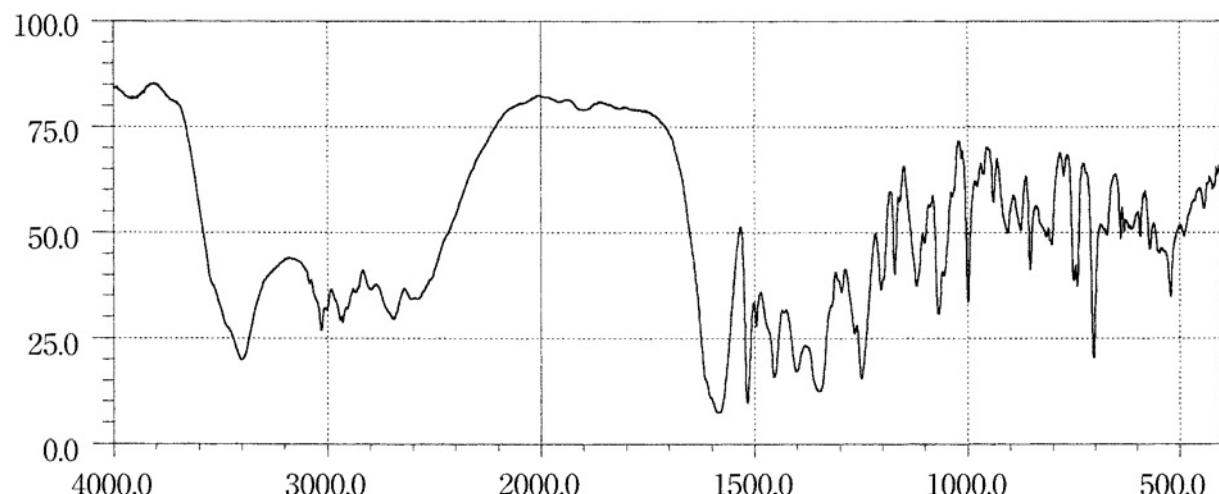

Preparation of sample: Potassium bromide disk method

Hypromellose Phthalate (220824)

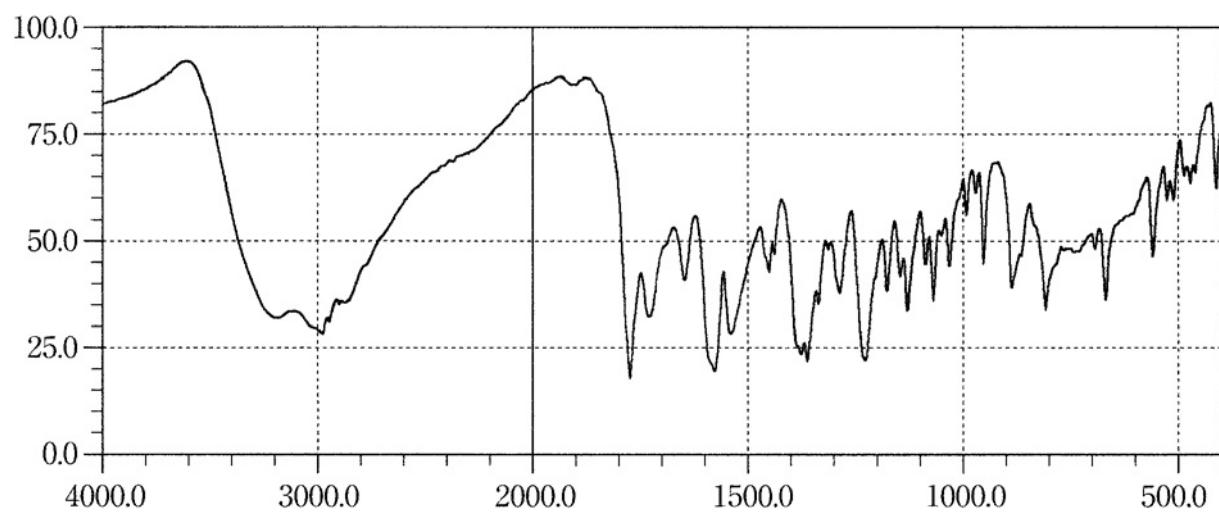

Preparation of sample: Potassium bromide disk method

Ibuprofen

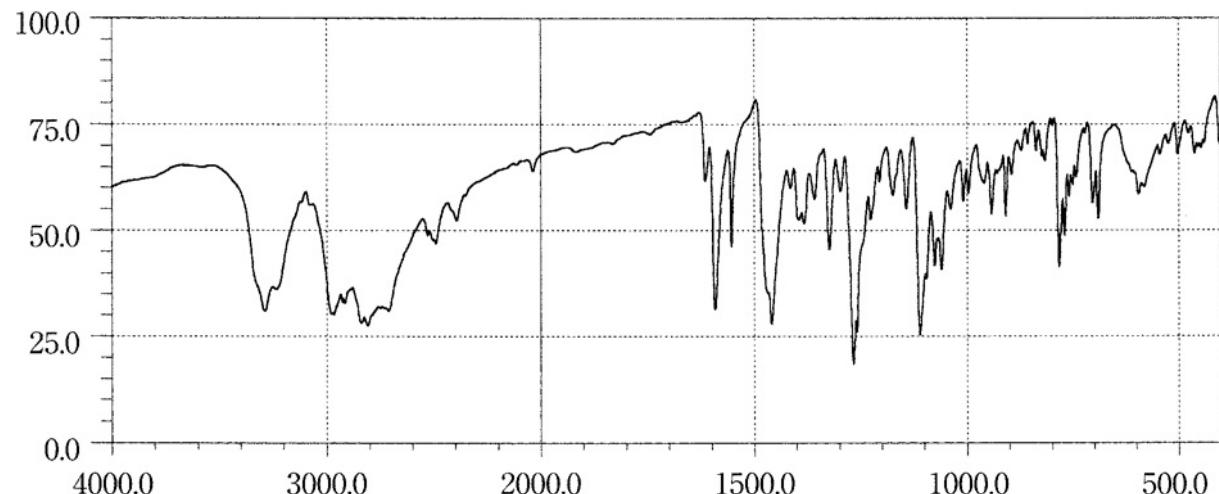

Preparation of sample: Potassium bromide disk method

Ifenprodil Tartrate

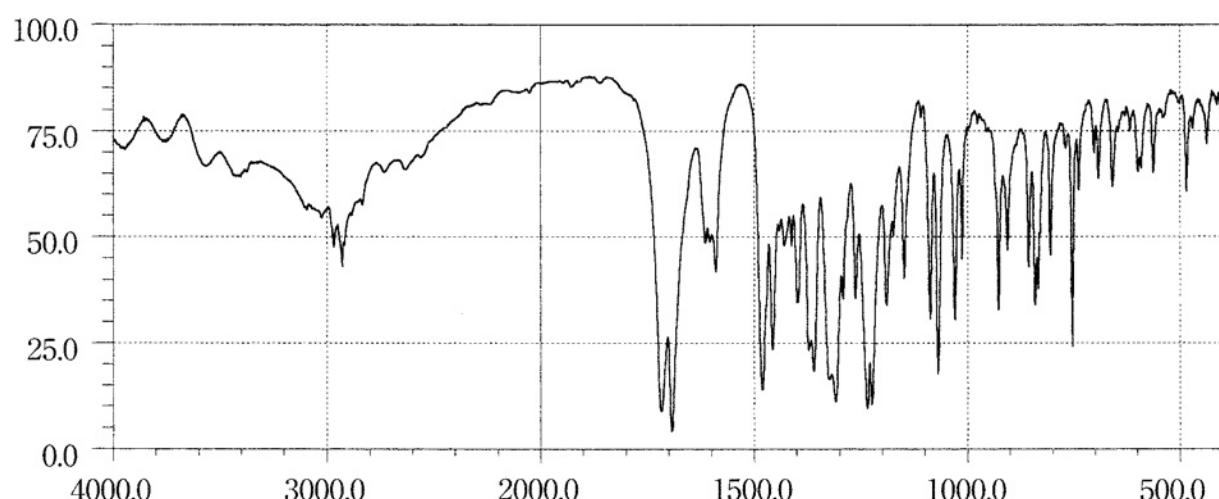

Preparation of sample: Potassium bromide disk method

Imipenem Hydrate

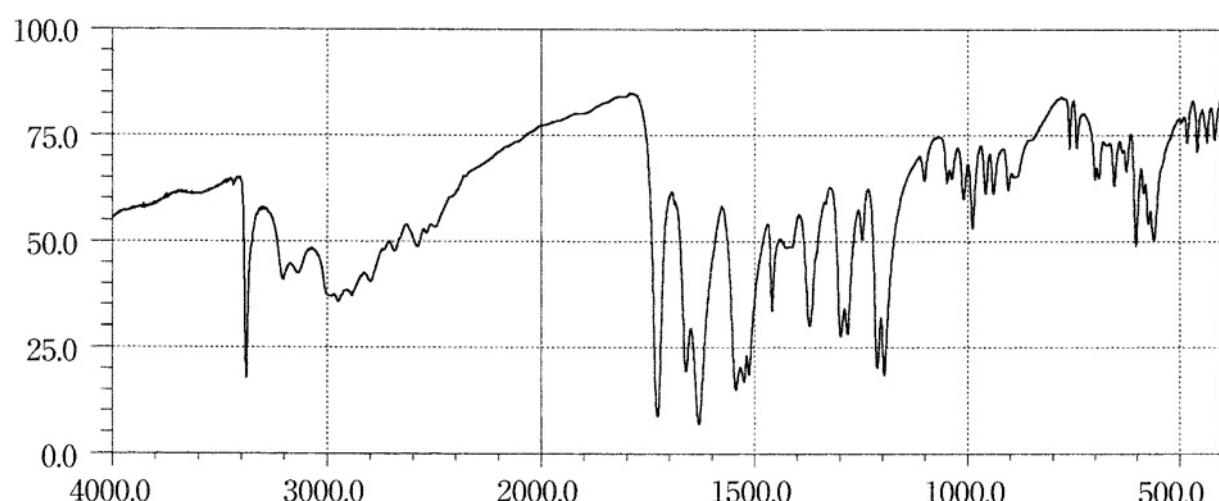

Preparation of sample: Potassium bromide disk method

Indenolol Hydrochloride

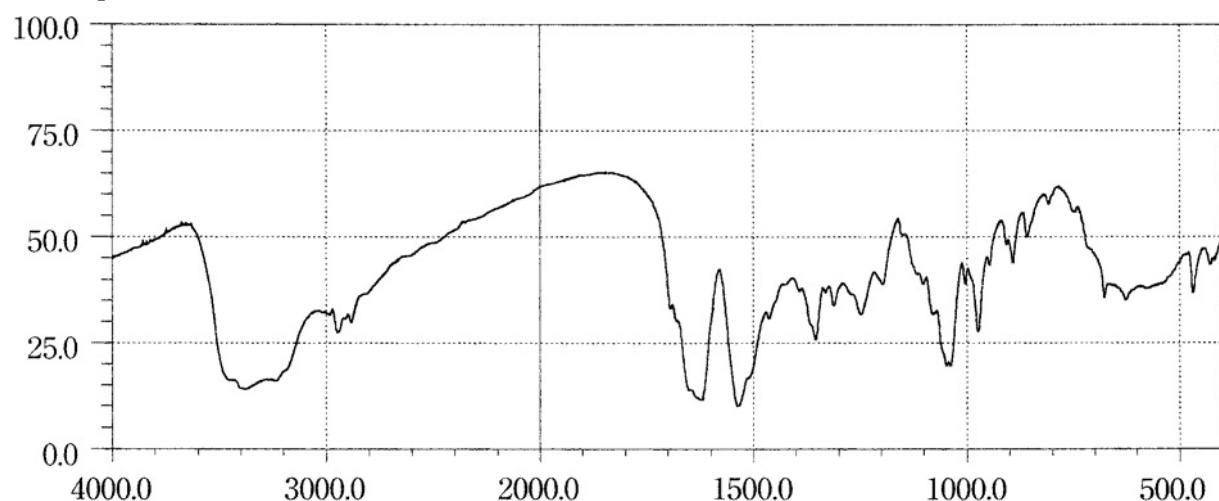

Preparation of sample: Potassium chloride disk method

Indometacin

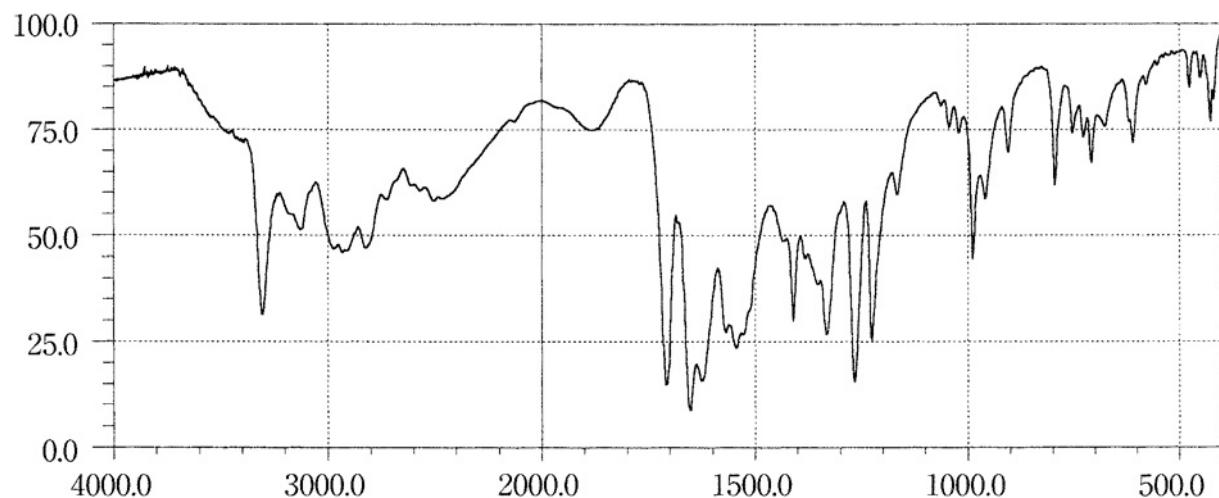

Preparation of sample: Potassium bromide disk method

Iodamide

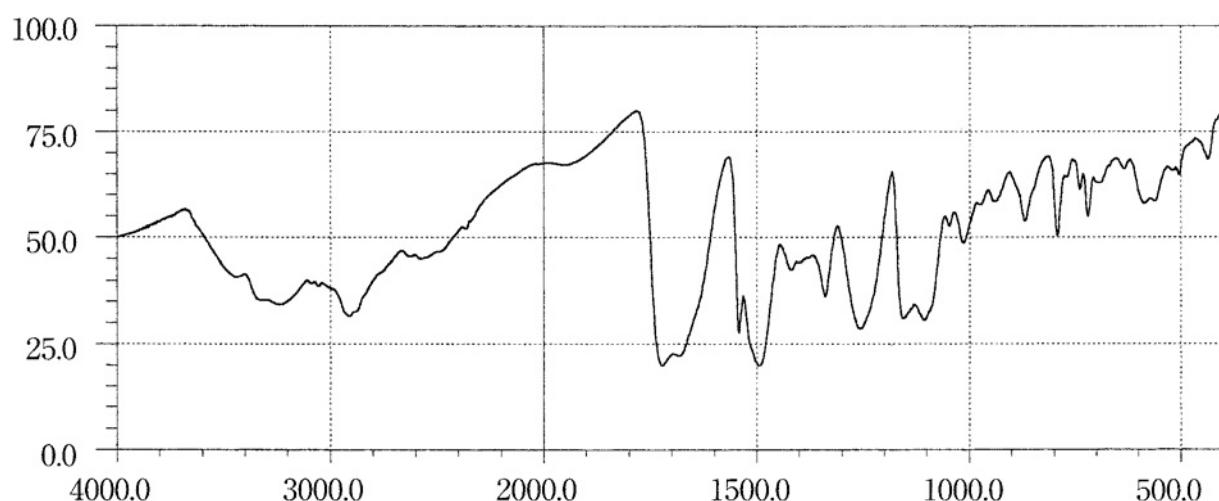

Preparation of sample: Potassium bromide disk method

Iopamidol

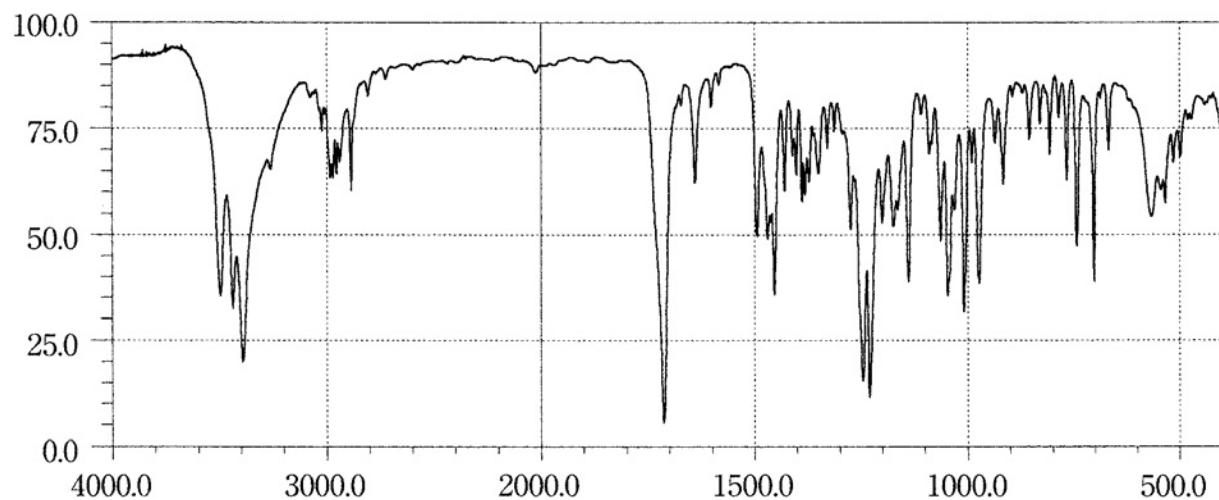

Preparation of sample: Potassium bromide disk method

Iotalamic Acid

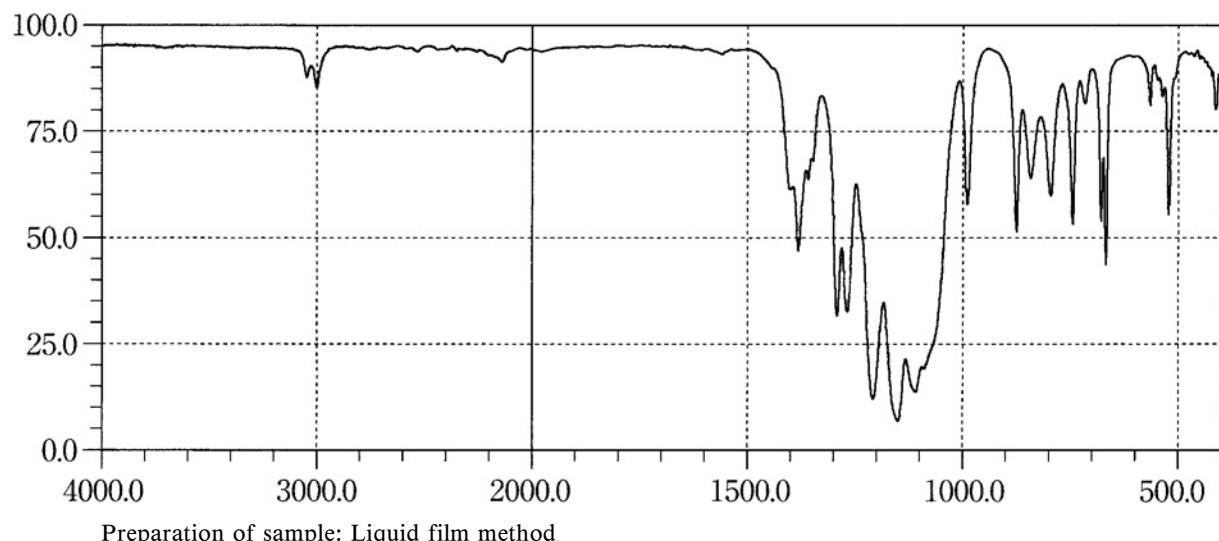

Preparation of sample: Potassium bromide disk method

Iotoxic Acid

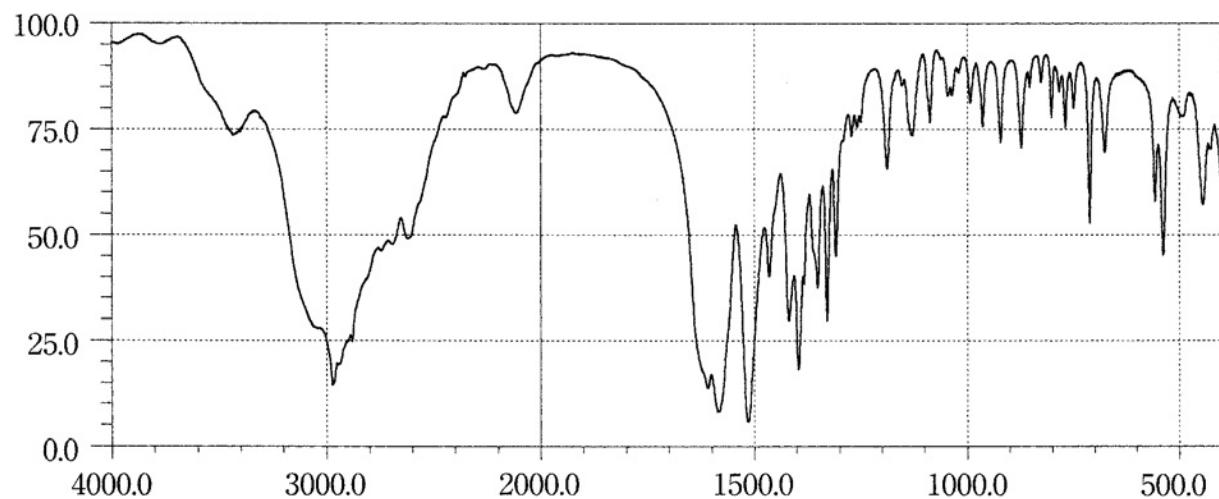

Preparation of sample: Potassium bromide disk method

Ipratropium Bromide Hydrate

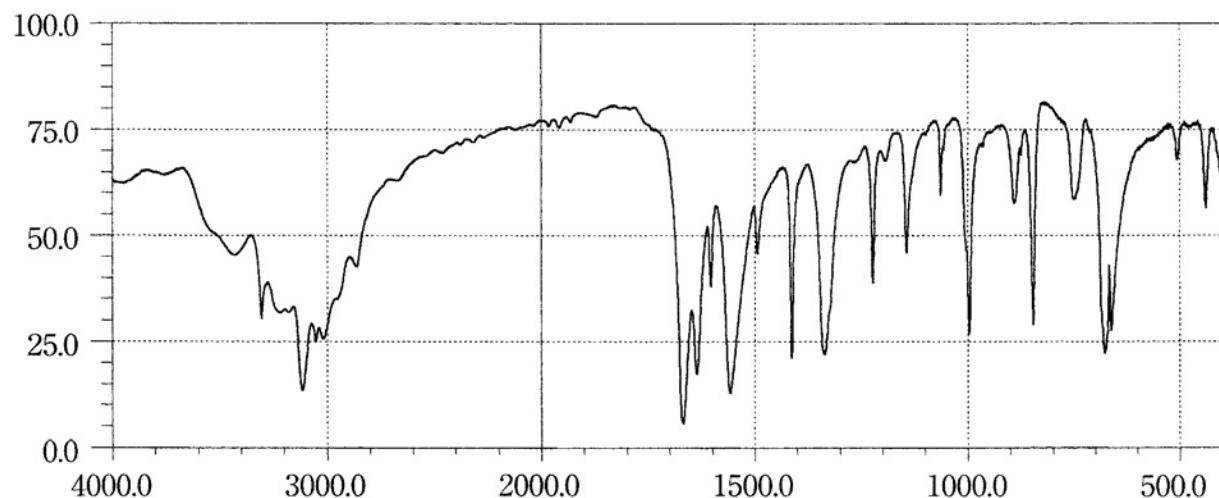

Preparation of sample: Potassium bromide disk method

Isoflurane

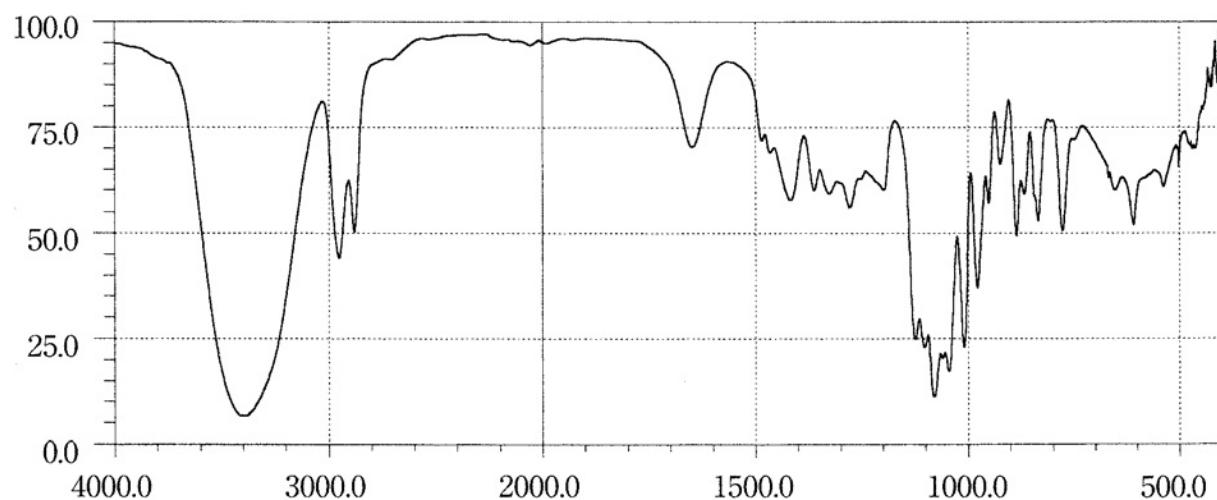

Preparation of sample: Liquid film method

L-Isoleucine

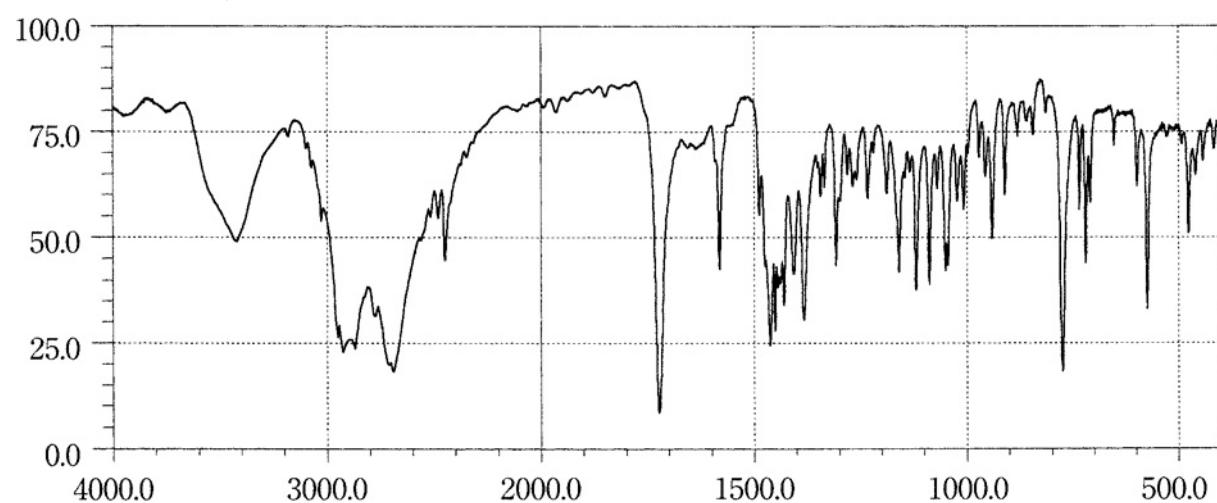

Preparation of sample: Potassium bromide disk method

Isoniazid

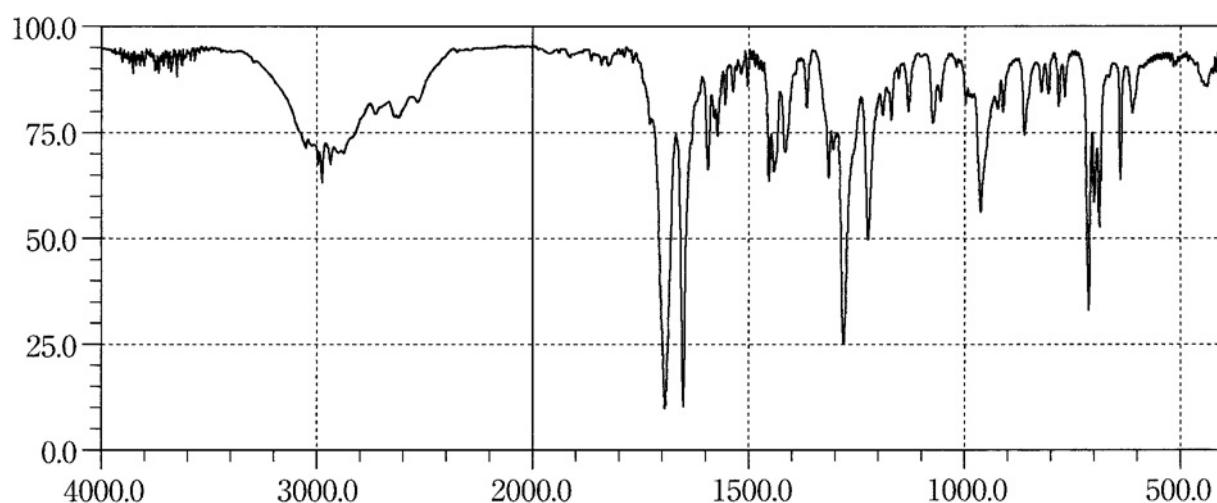

Preparation of sample: Potassium bromide disk method

Isosorbide

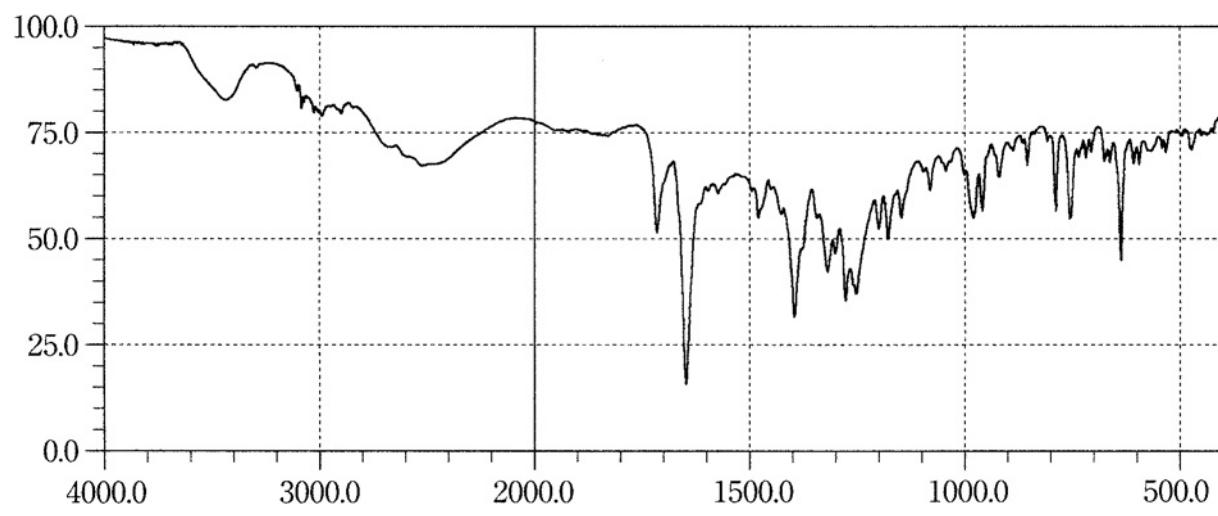

Preparation of sample: Potassium bromide disk method

Ketamine Hydrochloride

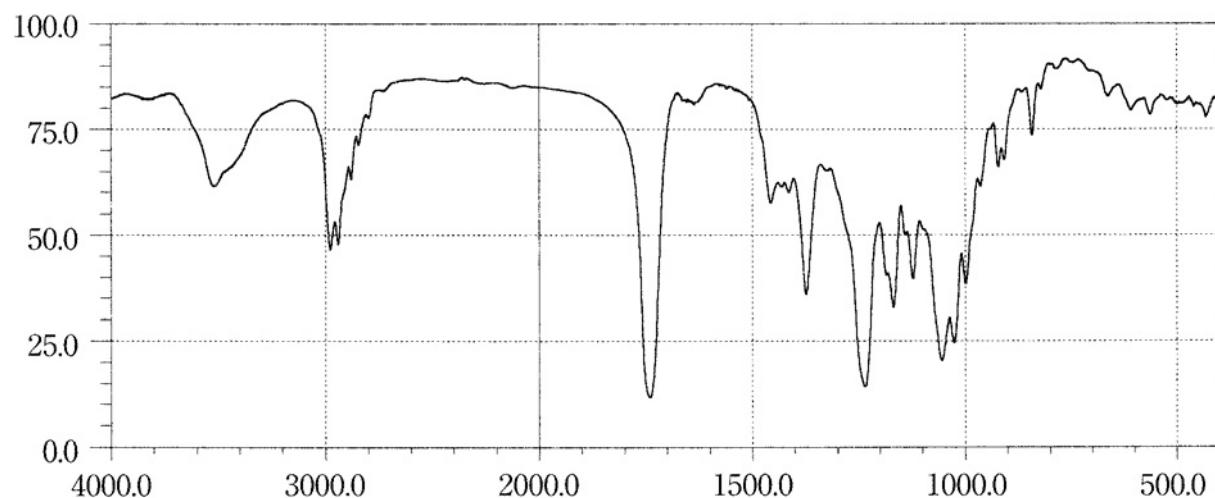

Preparation of sample: Potassium bromide disk method

Ketoprofen

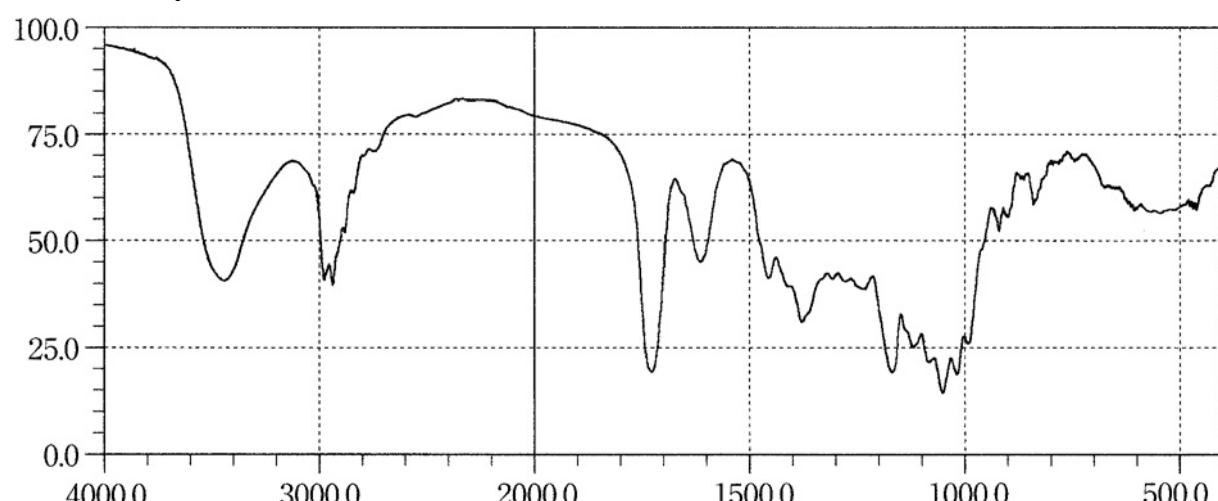

Preparation of sample: Potassium bromide disk method

Ketotifen Fumarate

Preparation of sample: Potassium bromide disk method

Kitasamycin Acetate

Preparation of sample: Potassium bromide disk method

Kitasamycin Tartrate

Preparation of sample: Potassium bromide disk method
