GMP Compliance Inspection concerning Pharmaceuticals (including APIs) of Foreign Manufacturers
(Overview Guidance for Foreign Manufacturers)

GMP Compliance Inspection concerning Pharmaceuticals of Foreign Manufacturers is an inspection on the compliance of manufacturing control and quality control methods at the relevant manufacturing sites with Japanese GMP (“Ministerial Ordinance on Standards for Manufacturing Control and Quality Control for Drugs and Quasi-drugs”, Ordinance of Ministry of Health, Labour and Welfare, No. 179, 2004), conducted by the Pharmaceuticals and Medical Devices Agency (hereinafter “PMDA”). GMP compliance is a requirement for marketing approval.

GMP Compliance Inspections include 1) Inspections that are conducted at the point of application for new marketing approval or of application for partial changes of approved information, and 2) Inspections that are conducted every five years following the obtainment of marketing approval. In the case of ethical drugs, packaging, labeling and storage facilities and external testing laboratories are included in the scope of GMP Inspection, in addition to the manufacturing sites of drug products, APIs (Active Pharmaceutical Ingredients) and intermediates. In the case of application for partial change approval, GMP Compliance Inspection is not required if the partial change is addition, change, or deletion etc. of administration and dosage, or indication that will not affect the methods for manufacturing control or quality control. While drug products for over-the-counter drugs are included in the scope of GMP compliance Inspection, APIs for over-the-counter drugs are excluded from the inspection (however APIs of over-the-counter for new marketing approval are in the scope of GMP compliance Inspection).

A marketing authorization holder that applies for the marketing approval of pharmaceutical, or an appointed marketing authorization holder designated by a manufacturer that seeks to obtain foreign restrictive approval, shall file an application with the PMDA for GMP compliance Inspection of foreign manufacturing sites.

Following the application for GMP Compliance Inspection, the applicant shall submit “Documents pertaining to manufacturing control and quality control of product(s) concerning the compliance inspection” and “Documents pertaining to manufacturing control and quality control of manufacturing sites concerning the compliance inspection”, at request of the PMDA. For details of required documents, see “5. Attached documents for the application of inspection prepared by foreign manufacturers”.

Even applications and attached documents are concerning foreign manufacturing sites, it should be prepared in the Japanese language. If the attachment includes a large volume of documents written in a foreign language, it is acceptable to prepare only an overview of such documents in Japanese.
2. Scope of Drugs subject to GMP Compliance Inspection

Drugs and APIs (the products shows below a. ~ g. and APIs for over-the-counter drugs do not require GMP compliance Inspection.)

a. Drugs that are intended to be used for the extermination or prevention of rats, flies, mosquitoes, fleas and other similar creatures, which are not used directly on human bodies.

b. Drugs that are intended to be used mainly for disinfection and sanitization, which are not used directly on human bodies.

c. Drugs that are, APIs, intended to be mainly used for the manufacturing of drugs indicated in a. or b.

d. Drugs that are manufactured at manufacturing sites that only conduct processes of powdering and/or cutting crude drugs.

e. Drugs that are manufactured and/or marketed by pharmacies.

f. Of gases used for medical purposes, 1) nitrous oxide, 2) oxygen, 3) nitrogen, 4) carbon dioxide, 5) compound of nitrous oxide and oxygen.

g. In addition to a. through f., drugs included in the Japanese Pharmacopoeia, which are designated by the Minister of Health, Labour and Welfare as causing mild action to human bodies (107 items including gum arabic).

3. Facilities subject to the Inspection

All manufacturing sites (including external testing laboratories) listed in the marketing approval application or authorization.

4. Flow of GMP Compliance Inspection

a. A marketing authorization holder that is applying for the marketing approval, or a marketing authorization holder that has obtained marketing approval, shall file an application with the PMDA for GMP compliance Inspection of foreign manufacturing sites. The PMDA shall conduct the inspection.

b. In principle, GMP compliance Inspection shall be onsite inspection by the PMDA. However, inspection may be conducted on documents only (hereinafter “document inspection”), by the PMDA’s judgment on GMP compliance etc. based on the product’s risk, the country’s GMP standards and their operation, and documents submitted for the inspection.

c. The PMDA shall report the inspection results to the Ministry of Health, Labour and Welfare, using the form of “GMP Compliance Inspection Result Notification”. The PMDA shall issue a copy of the GMP Compliance Inspection Result Notification to the marketing approval holder that applied for the inspection, and a copy of the “GMP Compliance Inspection Result Report” to the foreign manufacturer on which the onsite inspection
was conducted. In the case of document inspection only, a copy of the GMP Compliance Inspection Result Report is not issued.
5. Documents to be attached to the Application of Inspection

(1) For compliance inspections conducted for marketing approval or approval of partial changes

a. Copies of Compliance Inspection Result Notifications and/or Inspection Report of GMP inspections conducted within two years from the date of the application for the compliance inspection (including those conducted by other authorized compliance inspectorates etc.)

b. In the case of foreign manufacturing sites, as for manufacturing sites in countries with which MRA is concluded, a copy of Compliance Certificate or GMP Inspection Report of that country based on the MRA, as for manufacturing sites in countries with which MOU is exchanged, a copy of Certificate or GMP Inspection Report of that country based on the MOU, and as for manufacturing sites in other countries, WHO Certificate, or Compliance Certificate issued by the country’s relevant authority.

c. Copy of marketing approval application for the applied product(s)

d. Other documents required by the authorized compliance inspectorates (based on separate Office Memorandum “Documents required by PMDA for the Application of GMP Compliance Inspection” by Office of Compliance and Standards, July 29, 2008)

(2) Compliance inspection conducted every five years following marketing approval

a. Copies of Compliance Inspection Result Notifications and/or Inspection Report of GMP inspections conducted within two years from the date of application for the compliance inspection (including those conducted by other authorized compliance inspectorates etc.)

b. In the case of foreign manufacturing sites, as for manufacturing sites in countries with which MRA is concluded, a copy of Compliance Certificate or GMP Inspection Report of that country based on the MRA, as for manufacturing sites in countries with which MOU is exchanged, a copy of Certificate or GMP Inspection Report of that country based on the MOU, and as for manufacturing sites in other countries, WHO Certificate, or Compliance Certificate issued by the country’s relevant authority.

c. Copy of marketing approval

d. Copies of partial change approvals over the past five years

e. Copies of notification of minor changes over the past five years

f. If applications for two or more products are made simultaneously, the applicant shall categorize applications by worksite, workroom, area, equipment etc., select representative products for each category, and submit documents that show reasons for these categorization and selection. (If representative products are selected in
line with these rules, documents indicated in a., b. and c. may be limited to those concerning the representative products.)

g. Whether there was product recall concerning the applied product(s) over the past five years (If there was, overview of the recall)

h. Statement (prepared by the applicant)

i. Other documents required by the authorized compliance inspectorates (based on separate Office Memorandum “Documents required by PMDA for the Application of GMP Compliance Inspection” by Office of Compliance and Standards, July 29, 2008)

As for documents required by the PMDA after the submission of GMP Compliance Inspection application which is indicated under “Other documents required by the authorized compliance inspectorates”, please refer to the attached “Documents to be submitted for GMP Compliance Inspection (Documents required by the PMDA)”.

6. Inspection Fee

Inspection fee shall be covered by the marketing authorization holder that applies for or obtains marketing approval.

If GMP Compliance Inspection has been conducted on the same product at the same manufacturing site, based on GMP compliance applied by another marketing authorization holder, and if a copy of the Compliance Inspection Result Notification (no older than two years, in principle) can be provided to the second marketing authorization holder, the second marketing authorization holder does not need to receive the GMP Compliance Inspection concerning the manufacturing site.

(Reference regulatory provisions (excerpts))

* Article 14, Paragraph 1 of the Pharmaceuticals Affairs Law (Approval of marketing of drugs)

A person intending to market a drug shall, for each product, obtain marketing approval of the Minister of Health, Labour and Welfare.

* Article 14, Paragraph 6 of the Pharmaceuticals Affairs Law

A person who wishes to obtain the approval or who has been granted the approval specified in Paragraph 1 for a drug shall be subjected to a document inspection or an onsite inspection by the Minister to determine whether the method of manufacturing control or quality control in the manufacturing plant complies with the specifications specified by MHLW ordinance before approval and during a period specified by cabinet order not exceeding 3 years after the approval was granted.

* Article 14-2, Paragraph 1 of the Pharmaceuticals Affairs Law (Inspections by the PMDA)
The Minister of Health, Labour and Welfare may have the PMDA conduct the inspection of drugs as specified in Paragraph 1 and Paragraph 6 of the previous Article.

* Article 21 of the Pharmaceutical Affairs Law Enforcement Ordinance (Period of Inspection for Standards for Methods of Manufacturing Control or Quality Control)

The period specified by the government ordinance pursuant to the provisions of Article 14, Paragraph 6 of the Law shall be five (5) years.

* Article 50, Paragraph 1 of the Pharmaceutical Affairs Law Enforcement Regulations (Application for GMP Compliance Inspection)

Application for the inspection specified in Article 14, Paragraph 6 of the Law shall be made by submitting an application using Form No. 25 to the Minister of Health, Labour and Welfare.

* Article 50, Paragraph 2 of the Pharmaceutical Affairs Law Enforcement Regulations

The following documents shall be attached to the application specified in the preceding paragraph.

1. Documents on the manufacturing control and quality control of the product subject to the GMP Compliance Inspection

2. Documents on the manufacturing control and quality control of the manufacturing site subject to the GMP Compliance Inspection

* Article 50, Paragraph 3 of the Pharmaceutical Affairs Law Enforcement Regulations

In the application of the provisions of Paragraph 1 to cases where the Minister has decided to have the PMDA conduct the GMP Compliance Inspection pursuant to the provisions of Article 14-2, Paragraph 1 of the Law, in the same paragraph “to the Minister” shall read “to the PMDA”.

* Article 51 of the Pharmaceutical Affairs Law Enforcement Regulations (Notification of GMP Compliance Inspection Results)

Notification of the results of the GMP Compliance Inspection from authorized compliance to the marketing approval holder licensing authorities or to the approval authorities shall be made by submitting a notification using Form No. 26.
### Form No. 23 (1) (in relation to Article 50)

**Application for GMP Compliance Inspection of Drugs/Quasi Drugs**

Address

Name

To the Chief Executive of the Pharmaceuticals and Medical Devices Agency
To the Prefectural Governor

(Instruction for filling out the form)
1 Print the form on A4 (Japanese Industrial Standards-JIS) paper.
2 Use ink or other writing medium that is not faded by moisture for the form.
3 Write to the "Classification of License for Manufacturing Operation or Accreditation of Foreign Manufacturer" column, indicate the category of the license or the accreditation, Article 26, Paragraph 1, 2, or 3 and/or Article 36, Paragraph 1, 2, or 3.
4 As for the "Remarks" column, indicate the name and address of the manufacturer who owns the applied manufacturing site.
5 If the application is sent to the Chief Executive of the Pharmaceuticals and Medical Devices Agency, attach to its back a copy of evidence proving the payment of the GMP Compliance Inspection fee to the PMDA's bank account, as stipulated in the Ordinance on Fees concerning the Pharmaceuticals Affair Law.
