

Dantrolene Sodium Hydrate

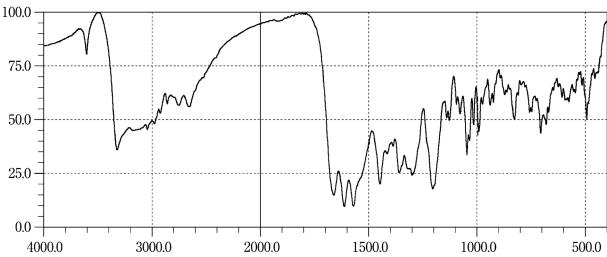

Daunorubicin Hydrochloride

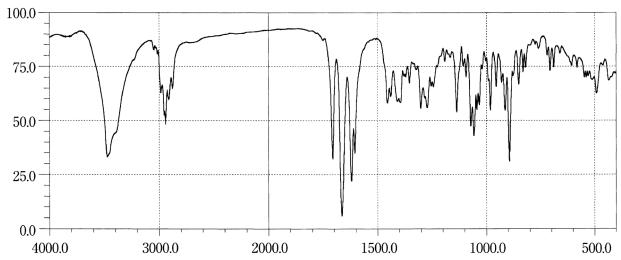

Deferoxamine Mesilate

Demethylchlortetracycline Hydrochloride

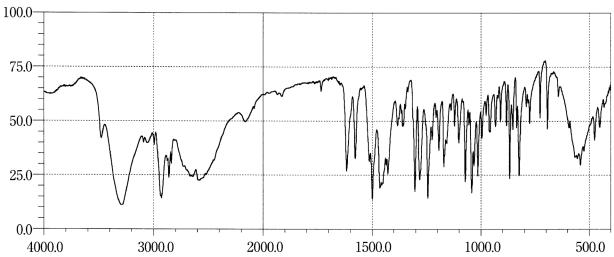

Dexamethasone

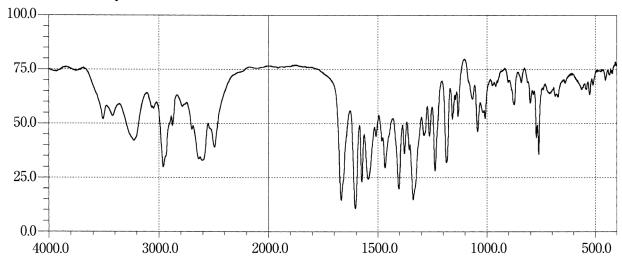

The JP Drugs are to be tested according to the provisions given in the pertinent monographs, General Notices, General Rules for Crude Drugs, General Rules for Preparations, and General Tests for their conformity to the Japanese Pharmacopoeia. (See the General Notices 5.)

Dextromethorphan Hydrobromide Hydrate

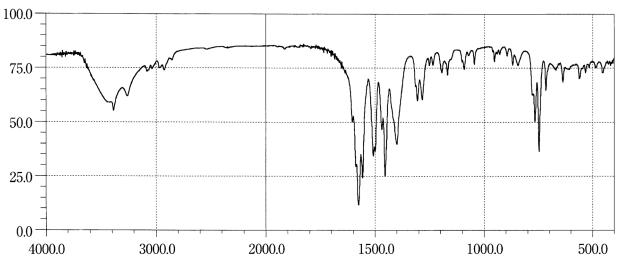

Diazepam 100.0 75.0 50.0 25.0 4000.0 3000.0 2000.0 1500.0 1000.0 500.0

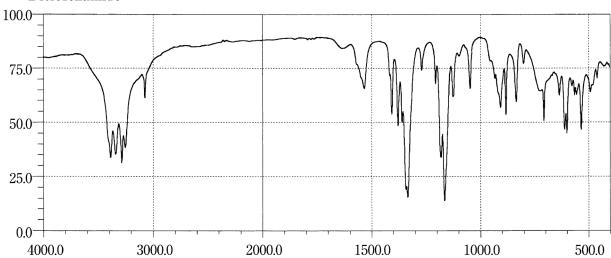

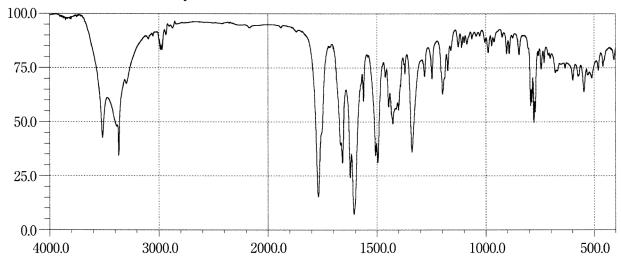

Diclofenac Sodium

Diclofenamide

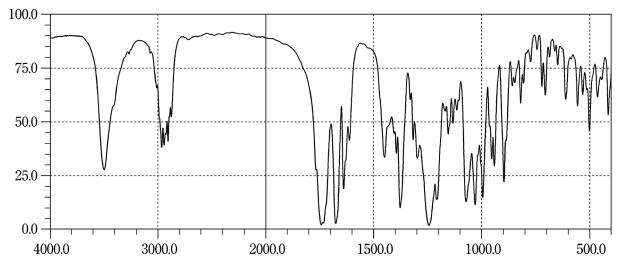

Dicloxacillin Sodium Hydrate

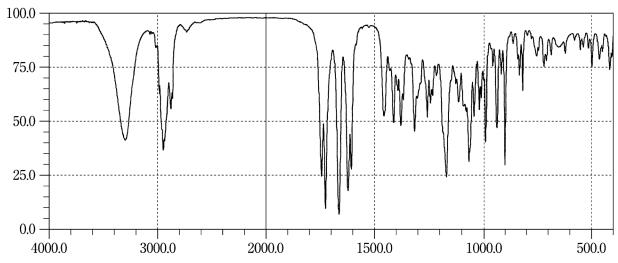

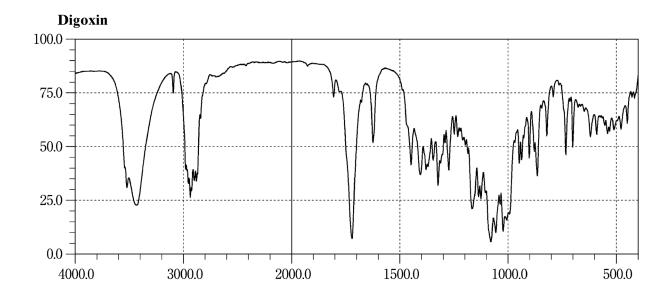

The JP Drugs are to be tested according to the provisions given in the pertinent monographs, General Notices, General Rules for Crude Drugs, General Rules for Preparations, and General Tests for their conformity to the Japanese Pharmacopoeia. (See the General Notices 5.)

Diflorasone Diacetate

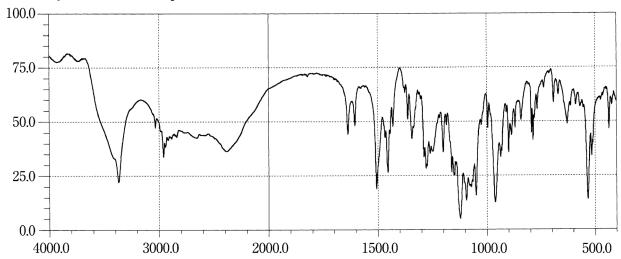

Diflucortolone Valerate

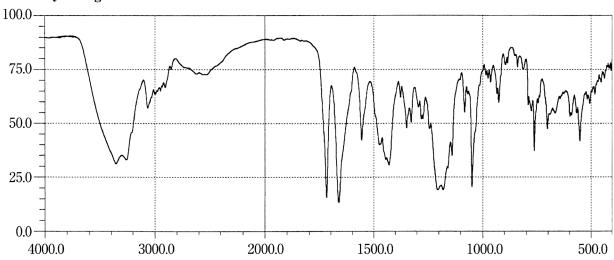

The JP Drugs are to be tested according to the provisions given in the pertinent monographs, General Notices, General Rules for Crude Drugs, General Rules for Preparations, and General Tests for their conformity to the Japanese Pharmacopoeia. (See the General Notices 5.)

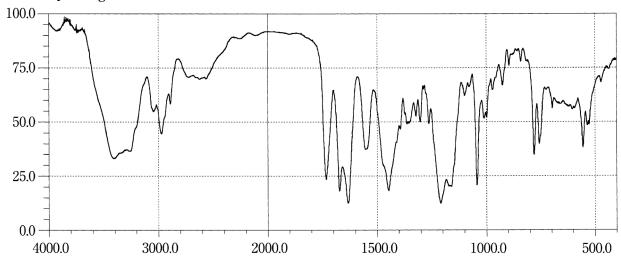

Dihydrocodeine Phosphate

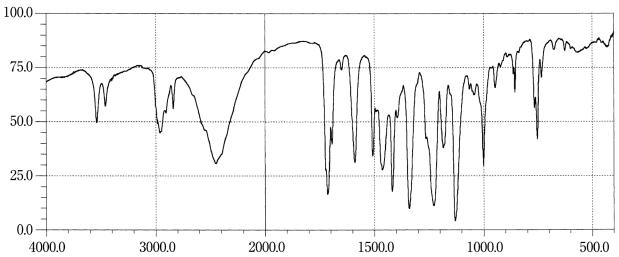

Dihydroergotamine Mesilate

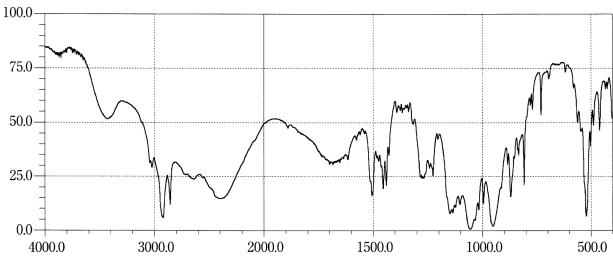

Dihydroergotoxine Mesilate

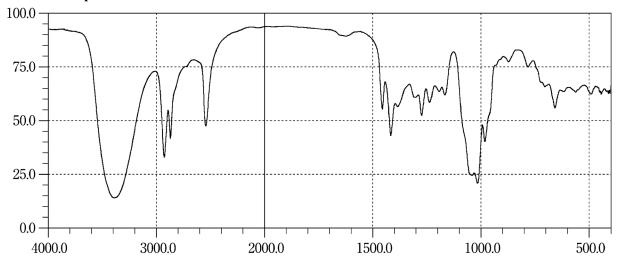

Dilazep Hydrochloride Hydrate

Dimemorfan Phosphate

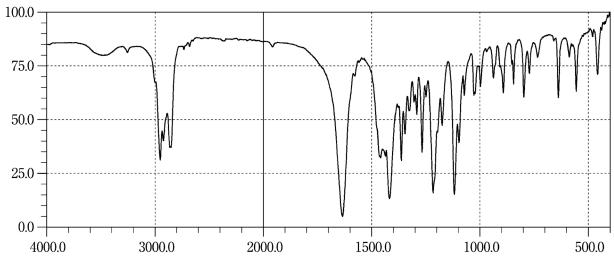

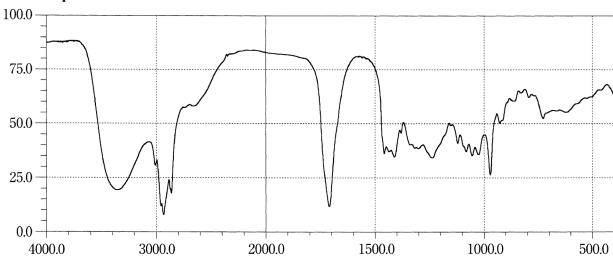

The JP Drugs are to be tested according to the provisions given in the pertinent monographs, General Notices, General Rules for Crude Drugs, General Rules for Preparations, and General Tests for their conformity to the Japanese Pharmacopoeia. (See the General Notices 5.)

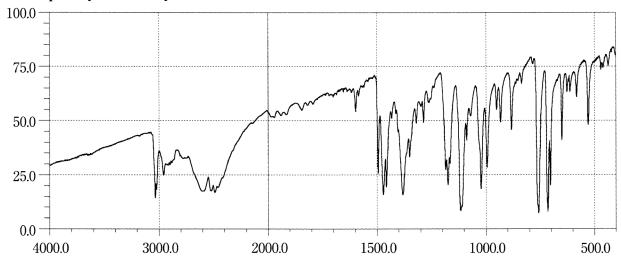

Dimorpholamine

Dinoprost

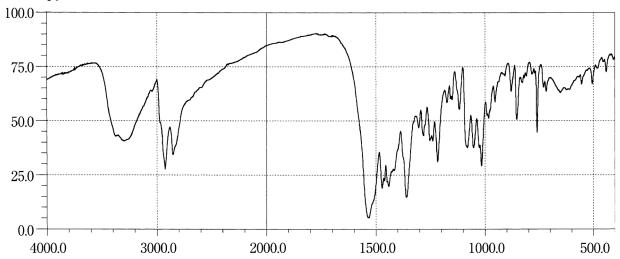

Diphenhydramine Hydrochloride

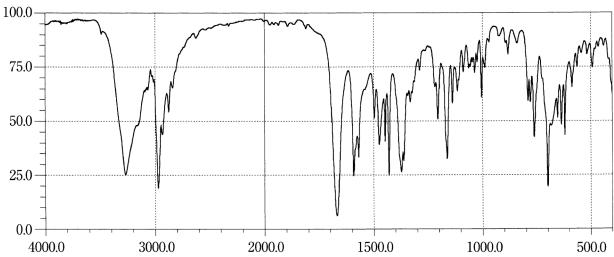

The JP Drugs are to be tested according to the provisions given in the pertinent monographs, General Notices, General Rules for Crude Drugs, General Rules for Preparations, and General Tests for their conformity to the Japanese Pharmacopoeia. (See the General Notices 5.)

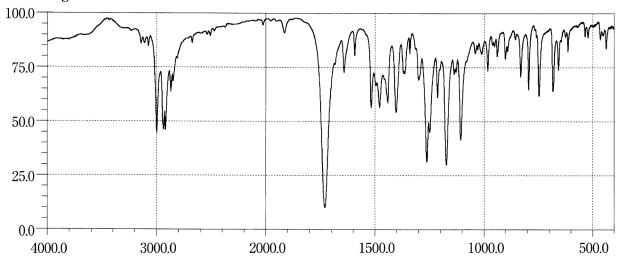

Dipyridamole

Disopyramide

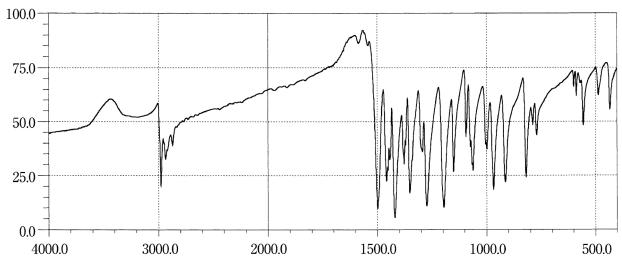

Distigmine Bromide

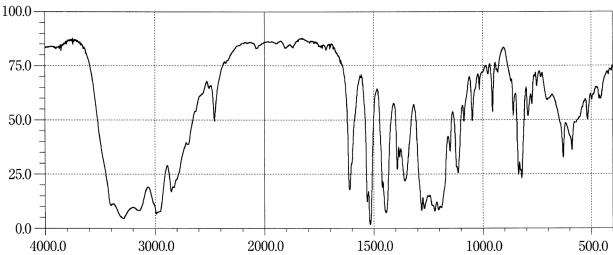

The JP Drugs are to be tested according to the provisions given in the pertinent monographs, General Notices, General Rules for Crude Drugs, General Rules for Preparations, and General Tests for their conformity to the Japanese Pharmacopoeia. (See the General Notices 5.)

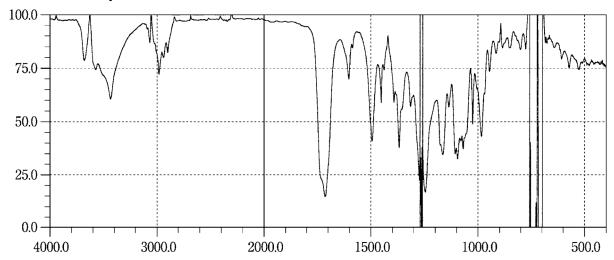

Disulfiram

Dobutamine Hydrochloride

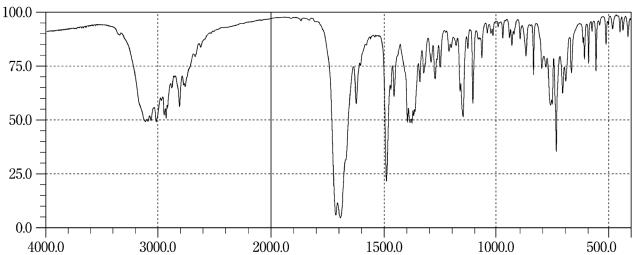

Docetaxel Hydrate

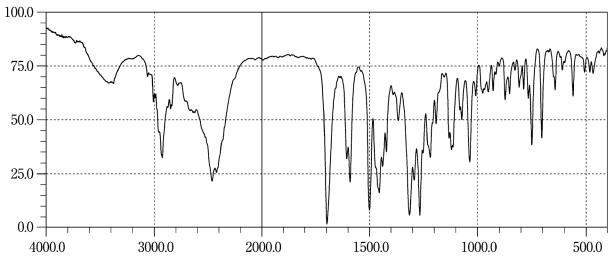

The JP Drugs are to be tested according to the provisions given in the pertinent monographs, General Notices, General Rules for Crude Drugs, General Rules for Preparations, and General Tests for their conformity to the Japanese Pharmacopoeia. (See the General Notices 5.)

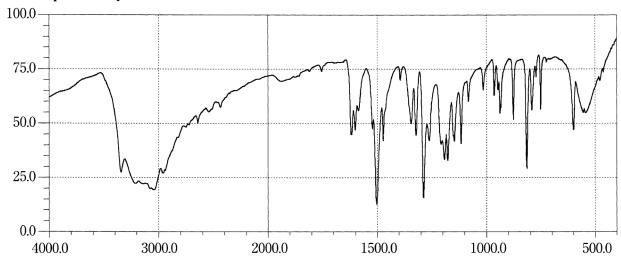

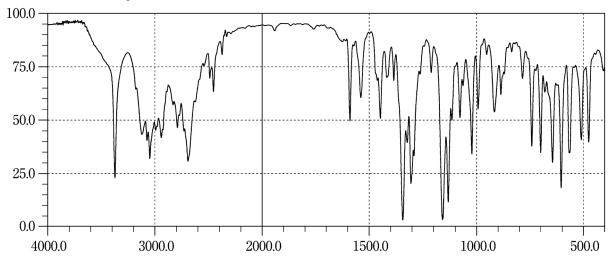

Donepezil Hydrochloride

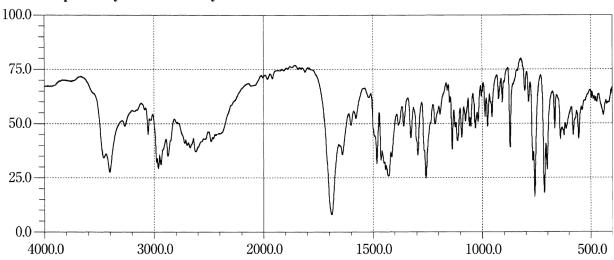

Dopamine Hydrochloride

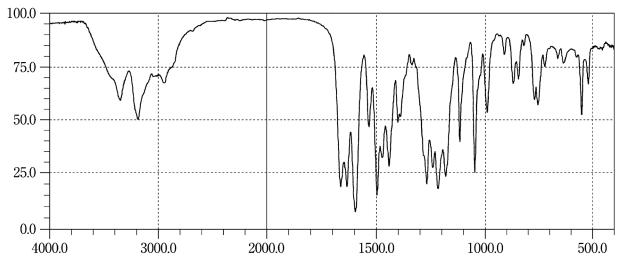

Dorzolamide Hydrochloride

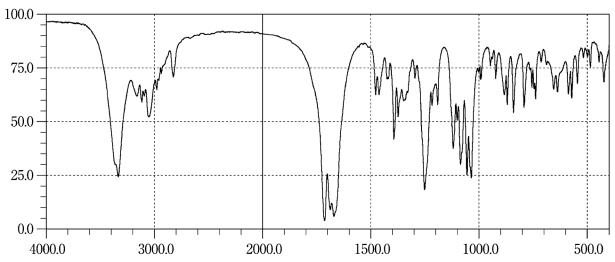

Doxapram Hydrochloride Hydrate

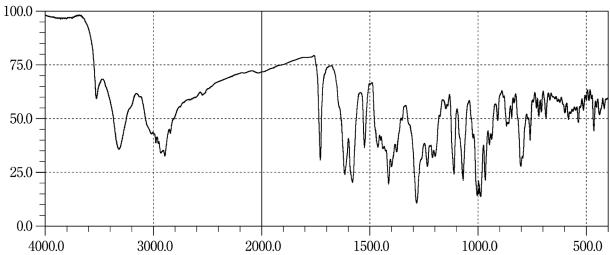

Doxazosin Mesilate

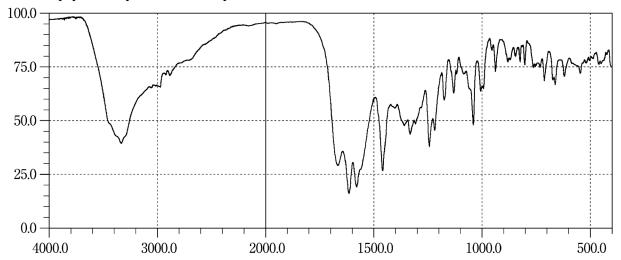

Doxifluridine

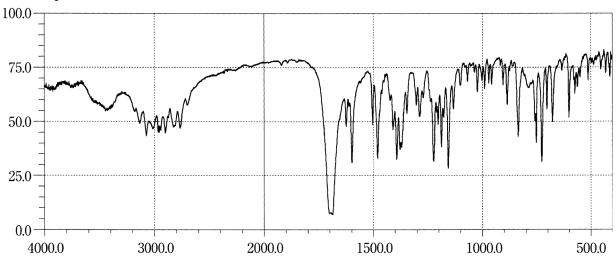

Doxorubicin Hydrochloride

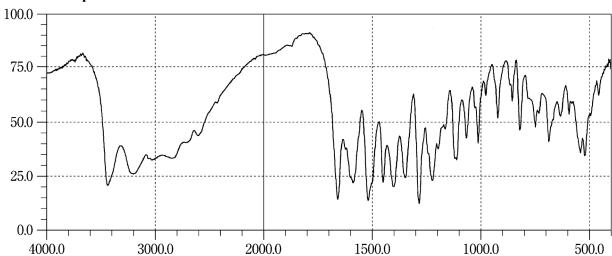

Doxycycline Hydrochloride Hydrate

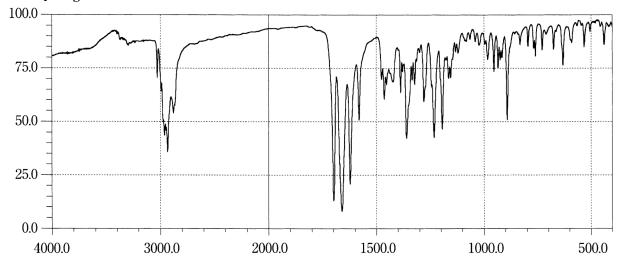

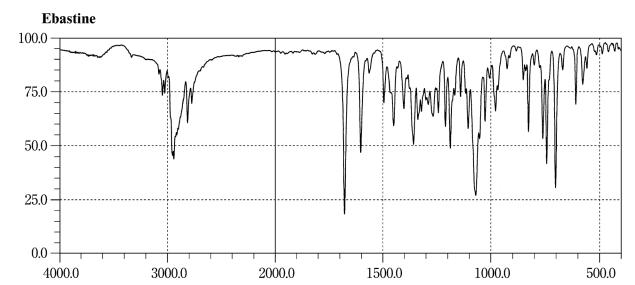

Droxidopa

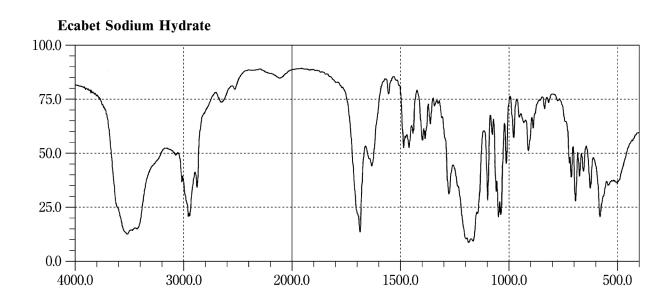

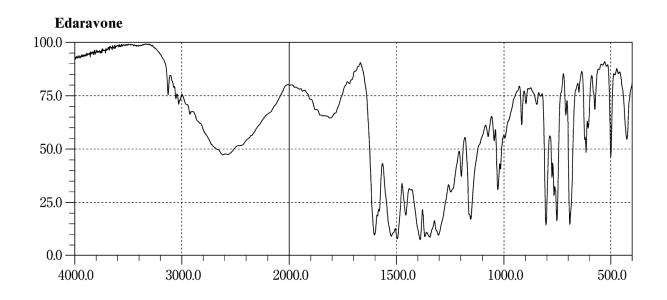

Dydrogesterone

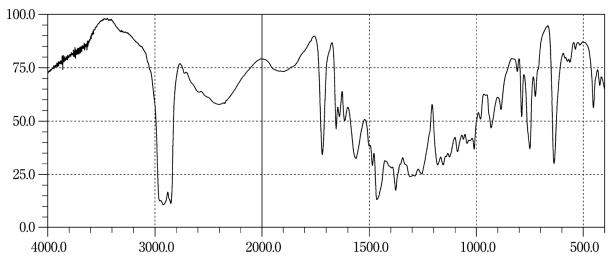

The JP Drugs are to be tested according to the provisions given in the pertinent monographs, General Notices, General Rules for Crude Drugs, General Rules for Preparations, and General Tests for their conformity to the Japanese Pharmacopoeia. (See the General Notices 5.)

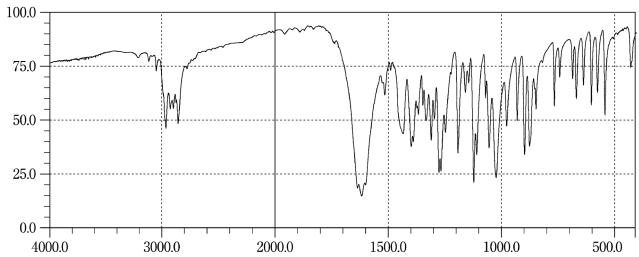

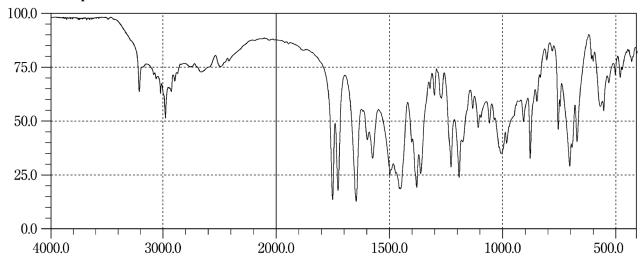

Emedastine Fumarate

Emorfazone

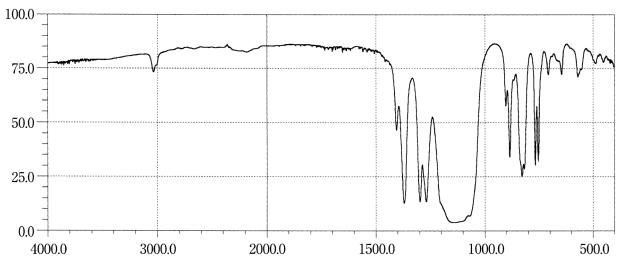

Enalapril Maleate

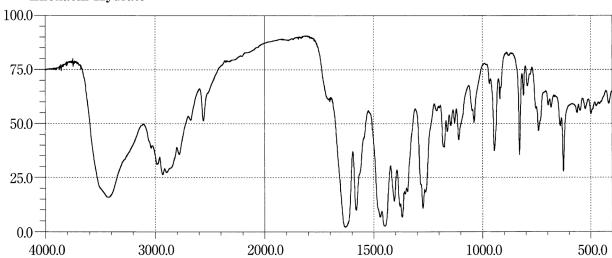

The JP Drugs are to be tested according to the provisions given in the pertinent monographs, General Notices, General Rules for Crude Drugs, General Rules for Preparations, and General Tests for their conformity to the Japanese Pharmacopoeia. (See the General Notices 5.)

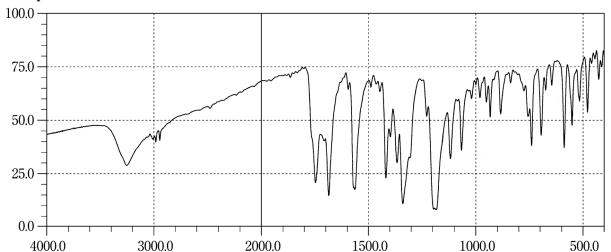

Enoxacin Hydrate

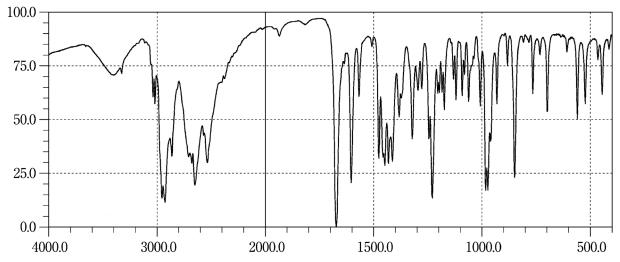

Epalrestat

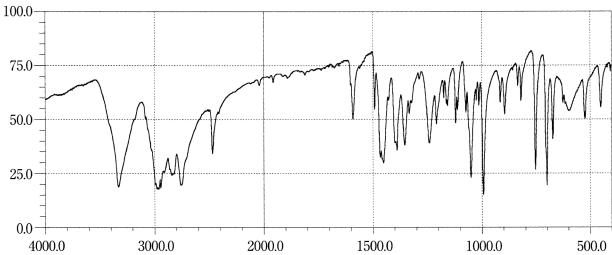

The JP Drugs are to be tested according to the provisions given in the pertinent monographs, General Notices, General Rules for Crude Drugs, General Rules for Preparations, and General Tests for their conformity to the Japanese Pharmacopoeia. (See the General Notices 5.)

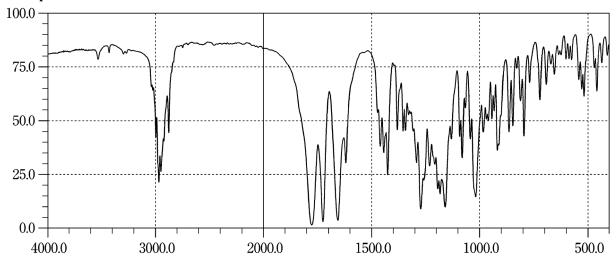

Eperisone Hydrochloride

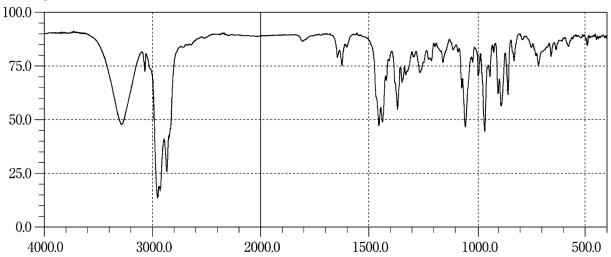

Ephedrine Hydrochloride

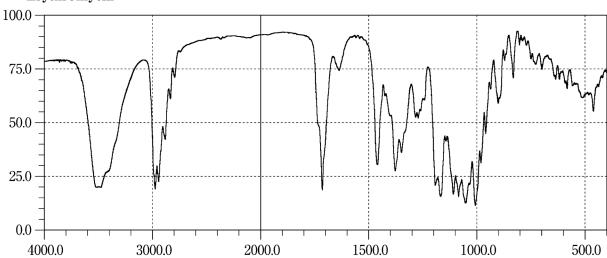

Eplerenone

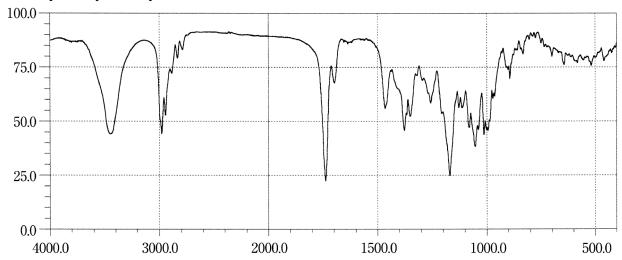

Ergocalciferol

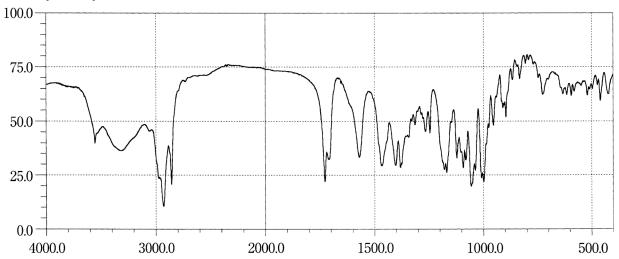

Erythromycin

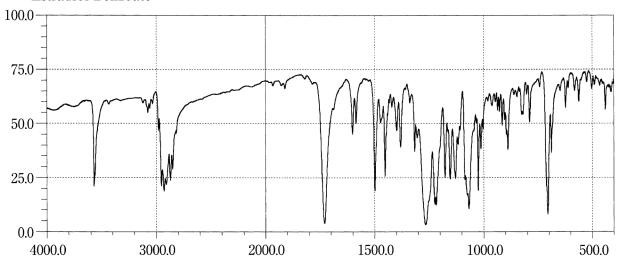

Erythromycin Ethylsuccinate

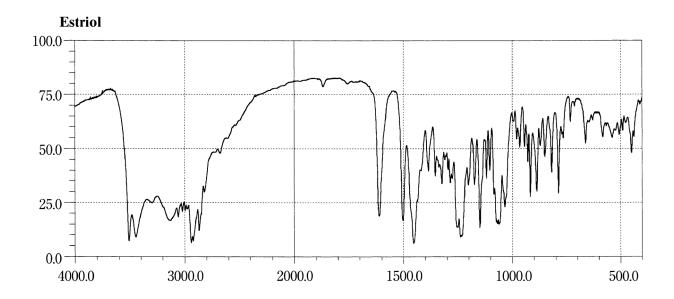

Erythromycin Stearate

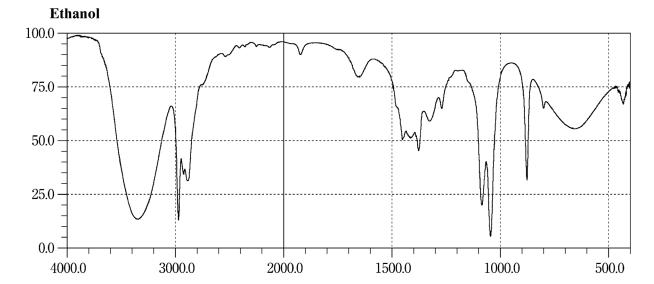

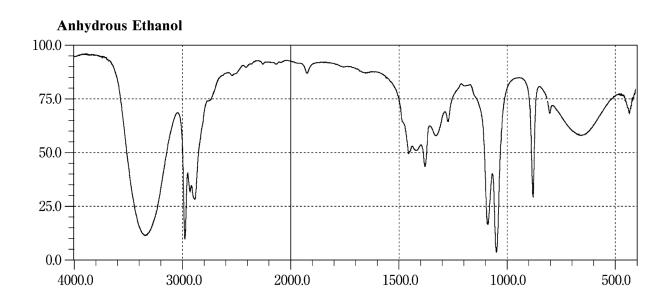

Estradiol Benzoate

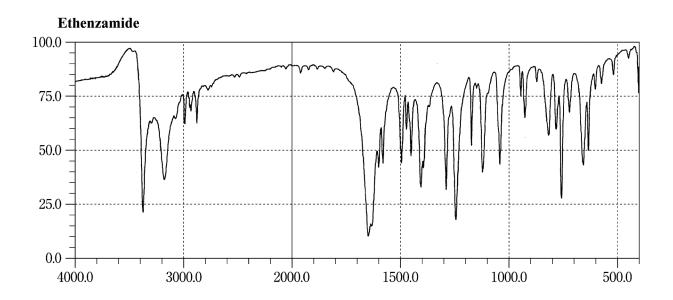

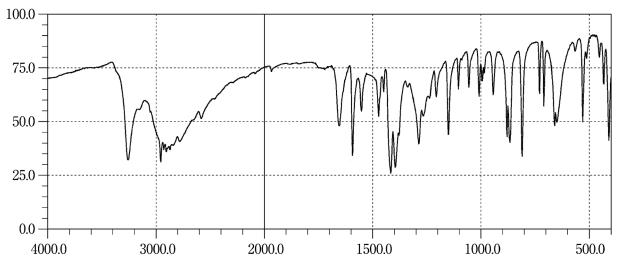

The JP Drugs are to be tested according to the provisions given in the pertinent monographs, General Notices, General Rules for Crude Drugs, General Rules for Preparations, and General Tests for their conformity to the Japanese Pharmacopoeia. (See the General Notices 5.)

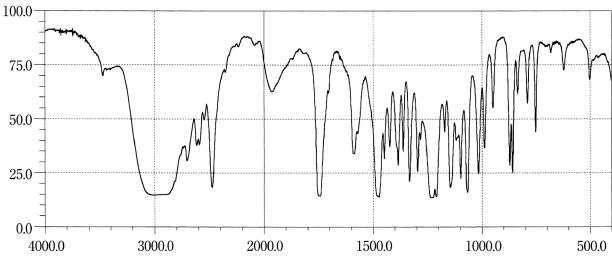

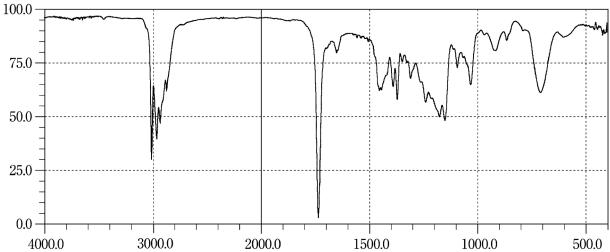

Ethionamide

Ethyl L-Cysteine Hydrochloride

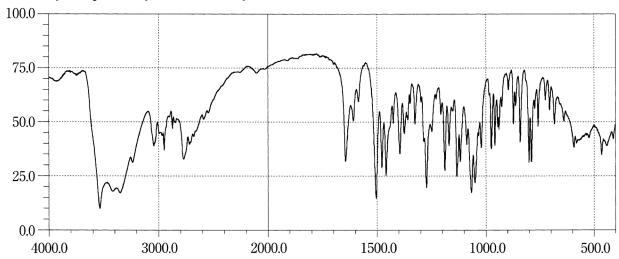

Ethyl Icosapentate

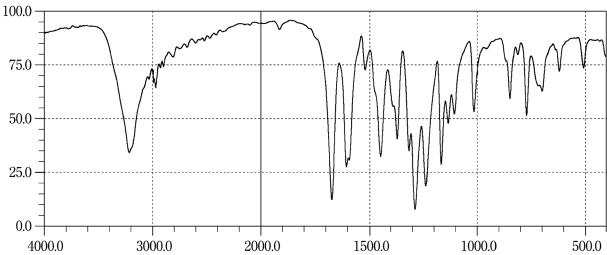

The JP Drugs are to be tested according to the provisions given in the pertinent monographs, General Notices, General Rules for Crude Drugs, General Rules for Preparations, and General Tests for their conformity to the Japanese Pharmacopoeia. (See the General Notices 5.)

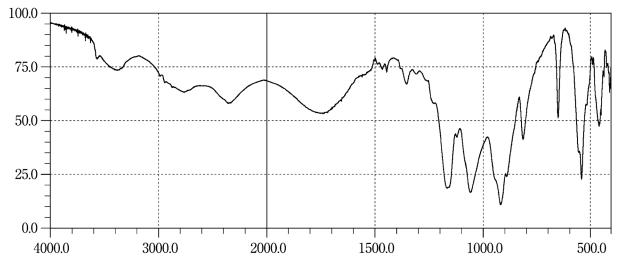

Ethylmorphine Hydrochloride Hydrate

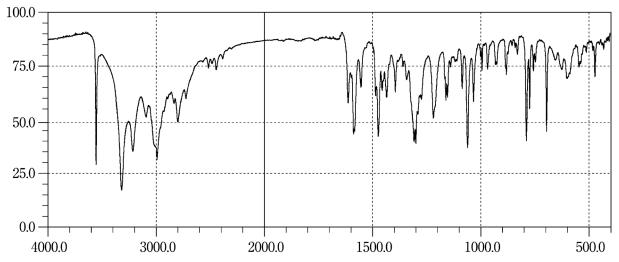

Ethyl Parahydroxybenzoate

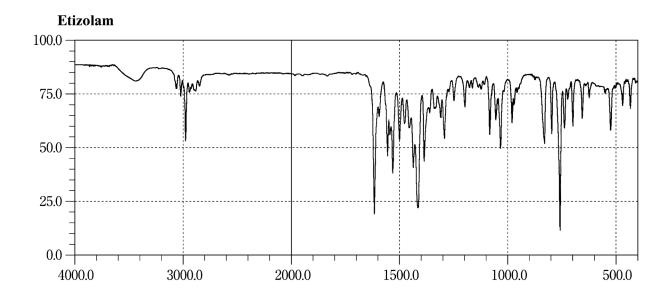

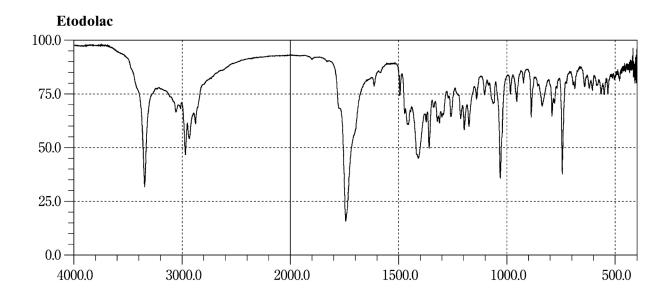

Etidronate Disodium

Etilefrine Hydrochloride

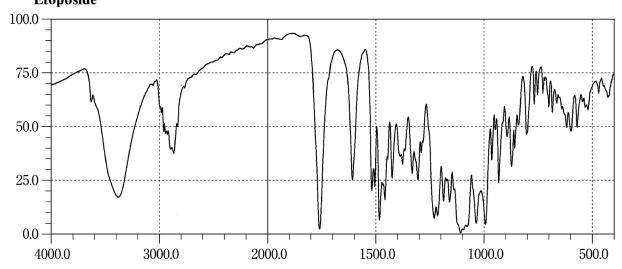

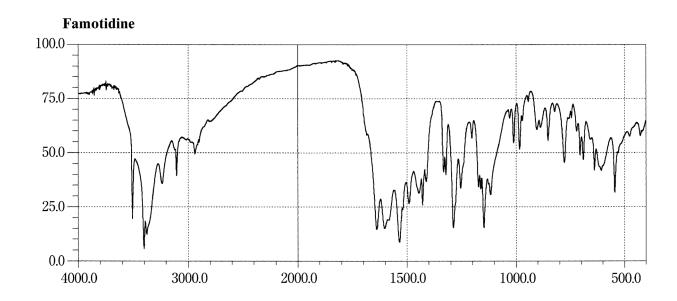

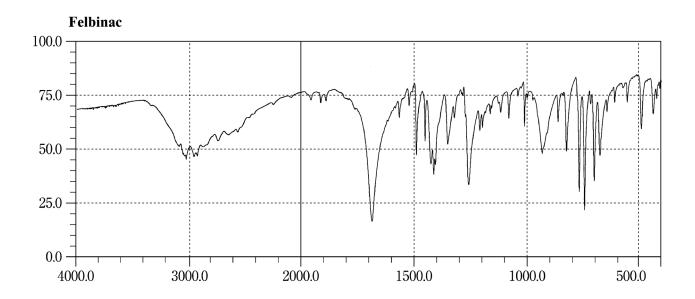

The JP Drugs are to be tested according to the provisions given in the pertinent monographs, General Notices, General Rules for Crude Drugs, General Rules for Preparations, and General Tests for their conformity to the Japanese Pharmacopoeia. (See the General Notices 5.)

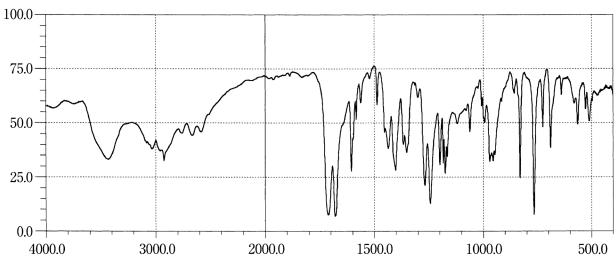

2102

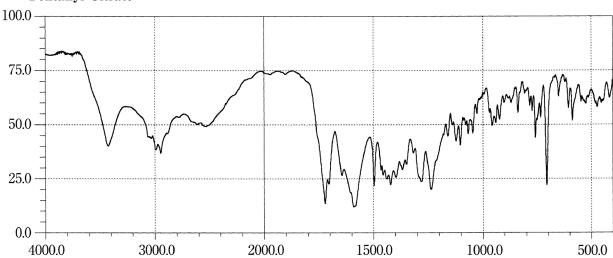

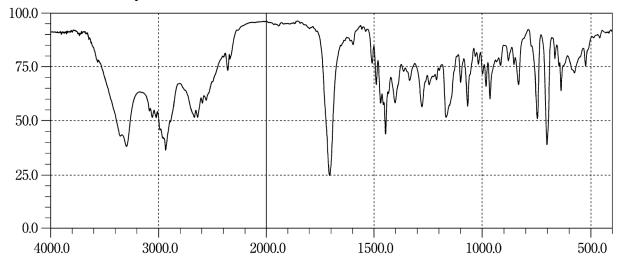

Fenbufen

Fentanyl Citrate

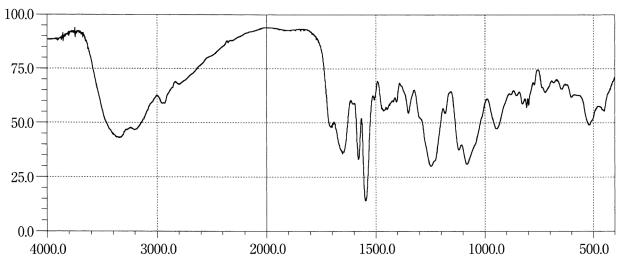

Fexofenadine Hydrochloride

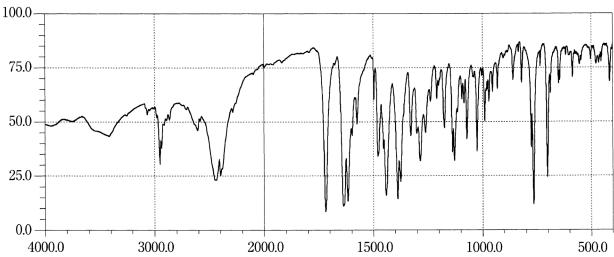

The JP Drugs are to be tested according to the provisions given in the pertinent monographs, General Notices, General Rules for Crude Drugs, General Rules for Preparations, and General Tests for their conformity to the Japanese Pharmacopoeia. (See the General Notices 5.)

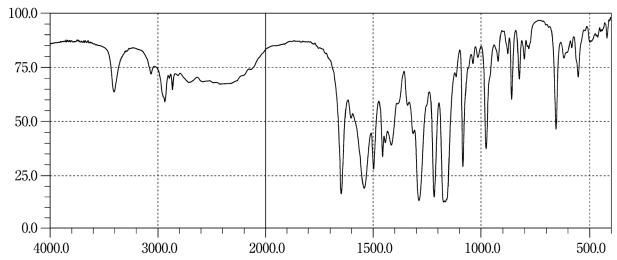

Flavin Adenine Dinucleotide Sodium

Flavoxate Hydrochloride

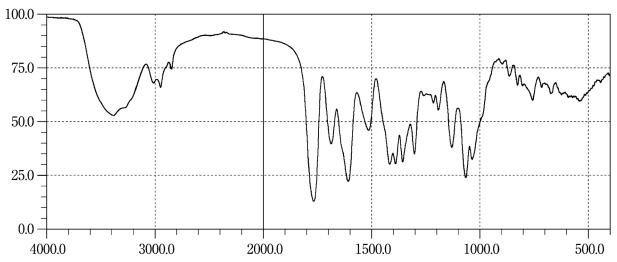

Flecainide Acetate

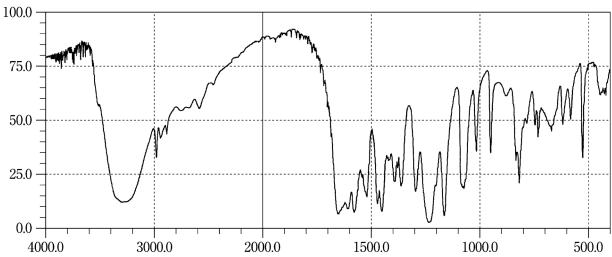

The JP Drugs are to be tested according to the provisions given in the pertinent monographs, General Notices, General Rules for Crude Drugs, General Rules for Preparations, and General Tests for their conformity to the Japanese Pharmacopoeia. (See the General Notices 5.)

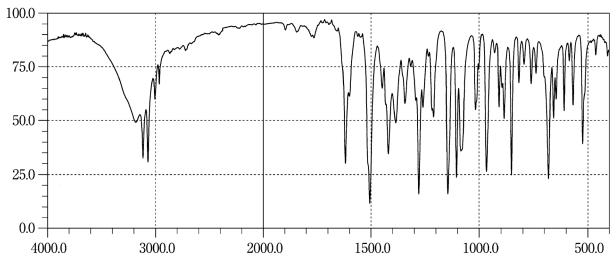

Flomoxef Sodium

Flopropione

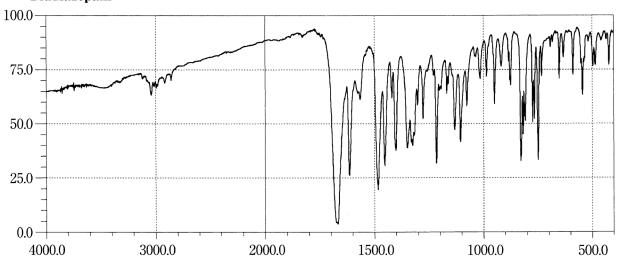

Fluconazole

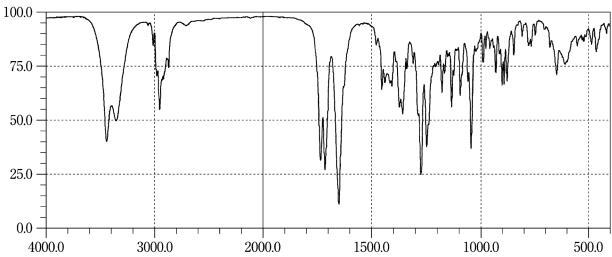

The JP Drugs are to be tested according to the provisions given in the pertinent monographs, General Notices, General Rules for Crude Drugs, General Rules for Preparations, and General Tests for their conformity to the Japanese Pharmacopoeia. (See the General Notices 5.)

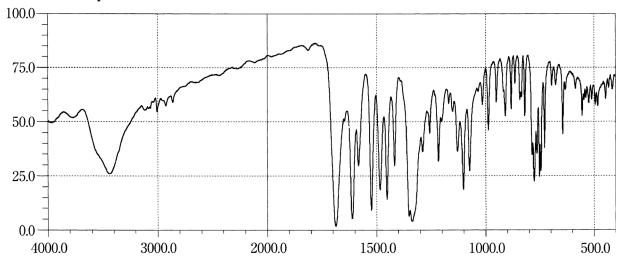

Fludrocortisone Acetate

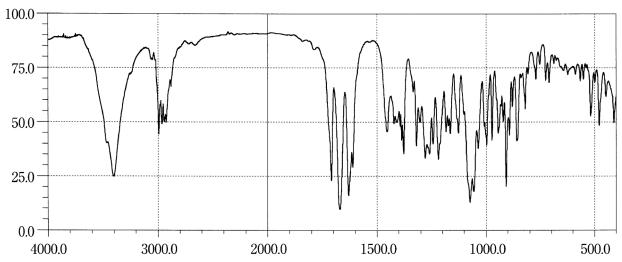

Flunitrazepam

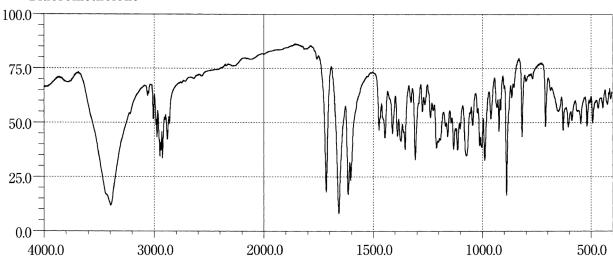

The JP Drugs are to be tested according to the provisions given in the pertinent monographs, General Notices, General Rules for Crude Drugs, General Rules for Preparations, and General Tests for their conformity to the Japanese Pharmacopoeia. (See the General Notices 5.)

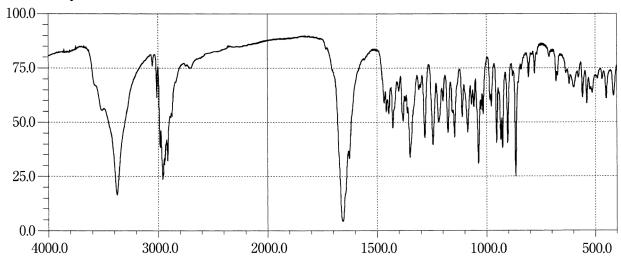

Fluocinolone Acetonide

Fluorometholone

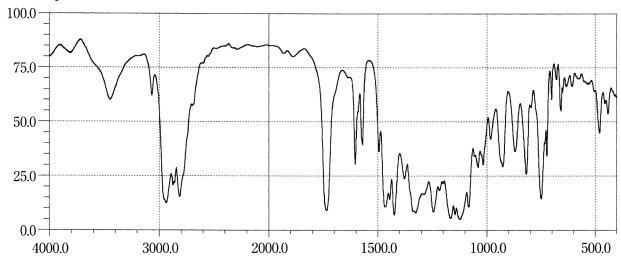

Fluoxymesterone

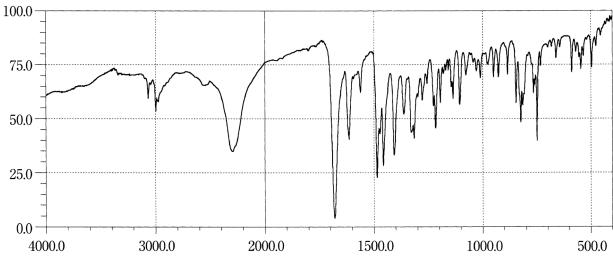

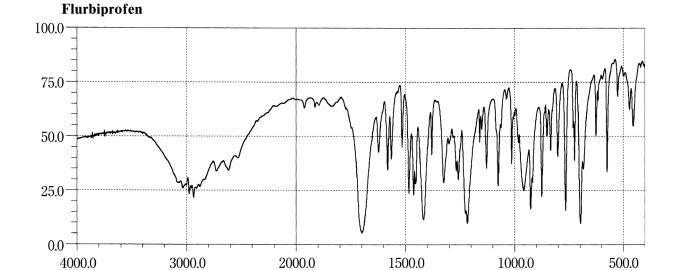

The JP Drugs are to be tested according to the provisions given in the pertinent monographs, General Notices, General Rules for Crude Drugs, General Rules for Preparations, and General Tests for their conformity to the Japanese Pharmacopoeia. (See the General Notices 5.)

Fluphenazine Enanthate

Flurazepam Hydrochloride

The JP Drugs are to be tested according to the provisions given in the pertinent monographs, General Notices, General Rules for Crude Drugs, General Rules for Preparations, and General Tests for their conformity to the Japanese Pharmacopoeia. (See the General Notices 5.)

The JP Drugs are to be tested according to the provisions given in the pertinent monographs, General Notices, General Rules for Crude Drugs, General Rules for Preparations, and General Tests for their conformity to the Japanese Pharmacopoeia. (See the General Notices 5.)

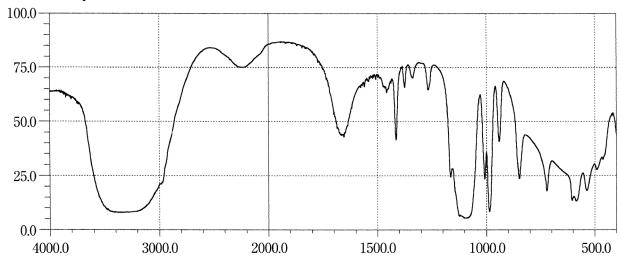

Formoterol Fumarate Hydrate

Fosfomycin Calcium Hydrate

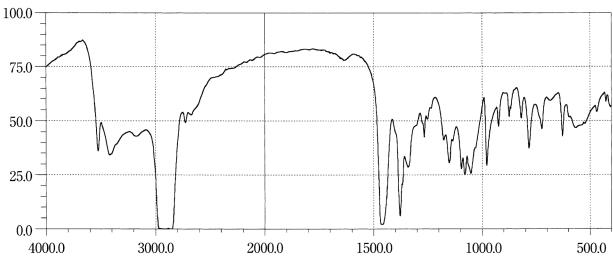

Fosfomycin Sodium

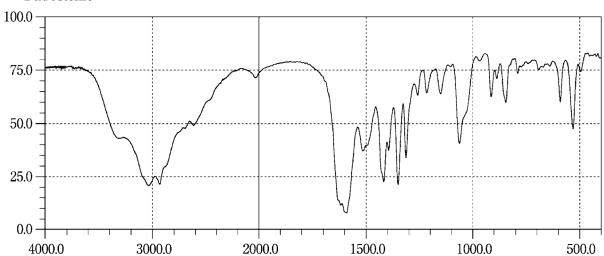

The JP Drugs are to be tested according to the provisions given in the pertinent monographs, General Notices, General Rules for Crude Drugs, General Rules for Preparations, and General Tests for their conformity to the Japanese Pharmacopoeia. (See the General Notices 5.)

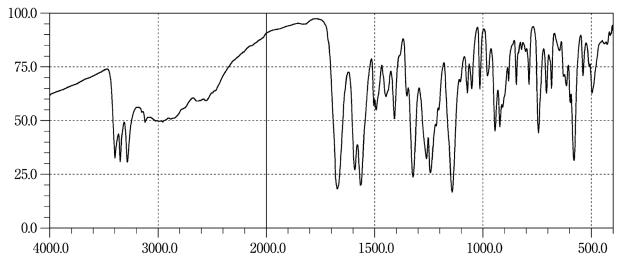

Fudosteine

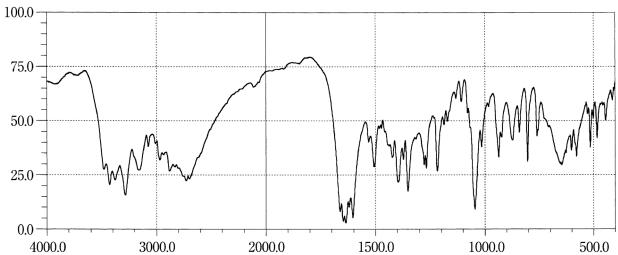

Furosemide

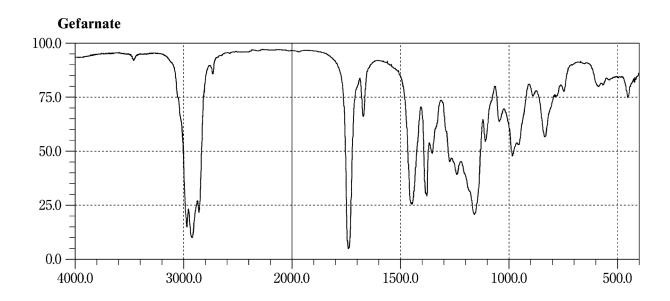

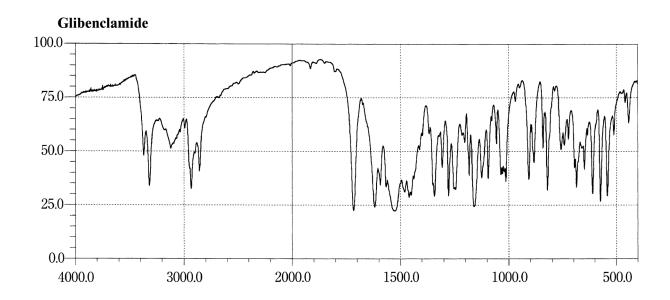

The JP Drugs are to be tested according to the provisions given in the pertinent monographs, General Notices, General Rules for Crude Drugs, General Rules for Preparations, and General Tests for their conformity to the Japanese Pharmacopoeia. (See the General Notices 5.)

2112

Fursultiamine Hydrochloride

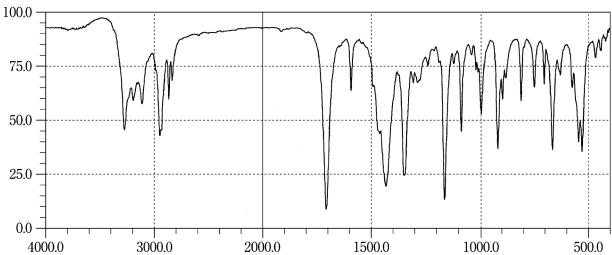

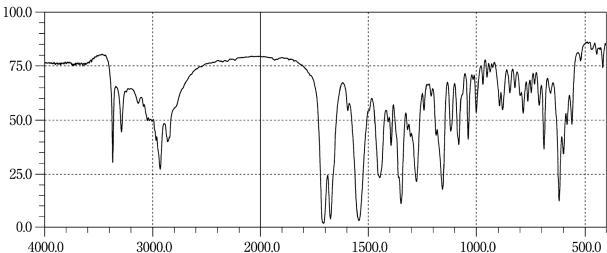

The JP Drugs are to be tested according to the provisions given in the pertinent monographs, General Notices, General Rules for Crude Drugs, General Rules for Preparations, and General Tests for their conformity to the Japanese Pharmacopoeia. (See the General Notices 5.)

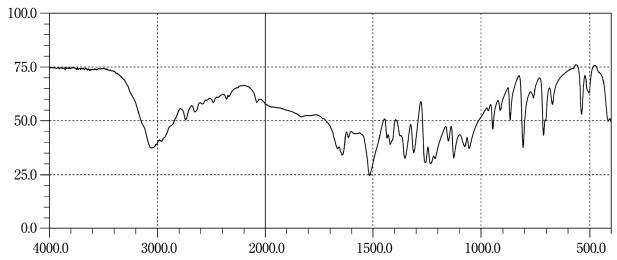

Glimepiride

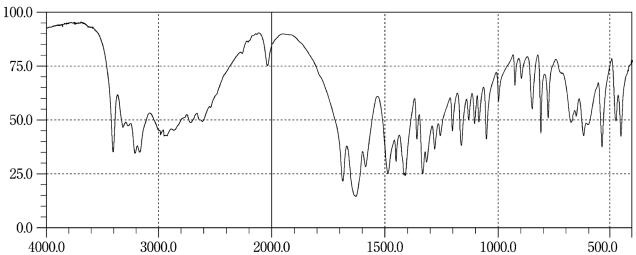

L-Glutamic Acid

The JP Drugs are to be tested according to the provisions given in the pertinent monographs, General Notices, General Rules for Crude Drugs, General Rules for Preparations, and General Tests for their conformity to the Japanese Pharmacopoeia. (See the General Notices 5.)

Guanabenz Acetate

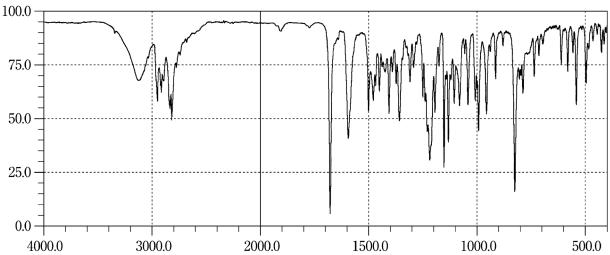

Guanethidine Sulfate

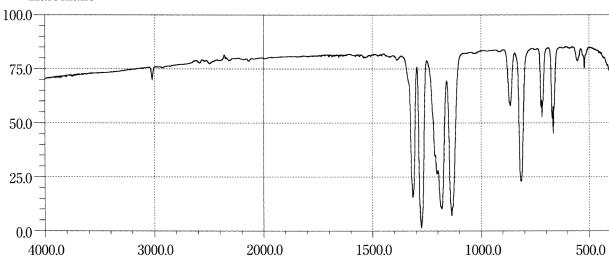

The JP Drugs are to be tested according to the provisions given in the pertinent monographs, General Notices, General Rules for Crude Drugs, General Rules for Preparations, and General Tests for their conformity to the Japanese Pharmacopoeia. (See the General Notices 5.)

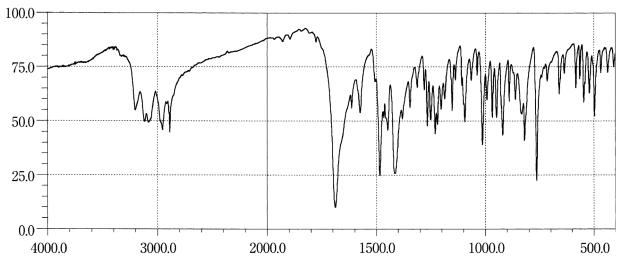

Halothane

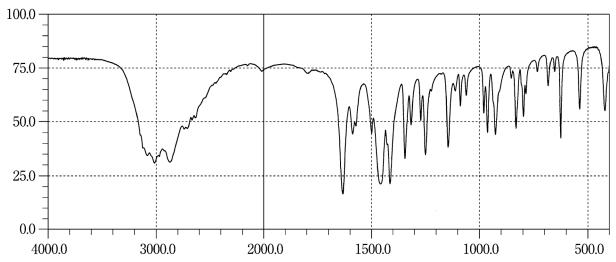

Haloxazolam

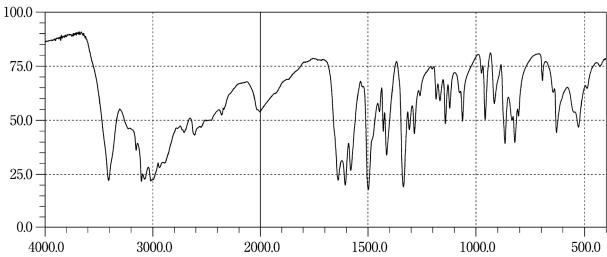

The JP Drugs are to be tested according to the provisions given in the pertinent monographs, General Notices, General Rules for Crude Drugs, General Rules for Preparations, and General Tests for their conformity to the Japanese Pharmacopoeia. (See the General Notices 5.)

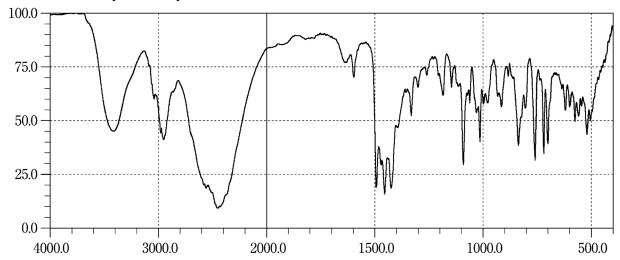

L-Histidine

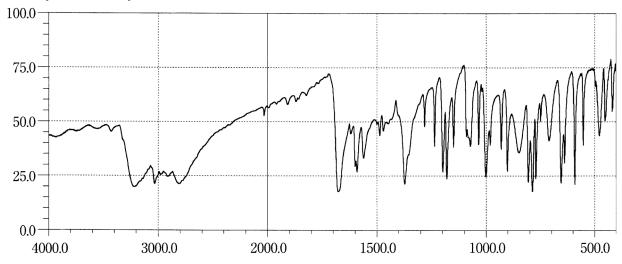

L-Histidine Hydrochloride Hydrate

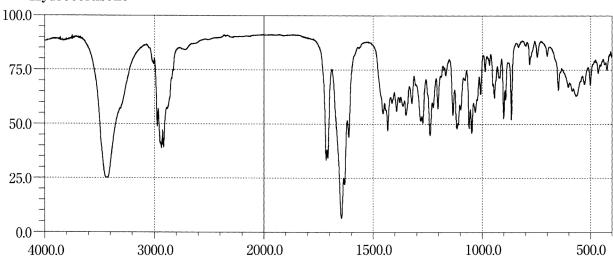

Homochlorcyclizine Hydrochloride

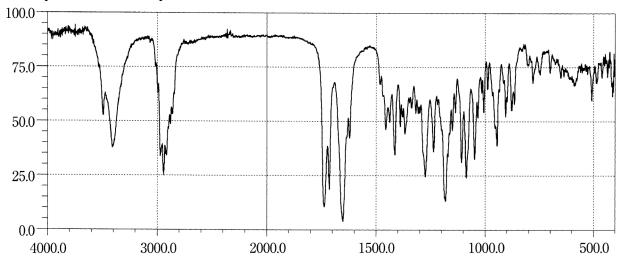

Hydralazine Hydrochloride

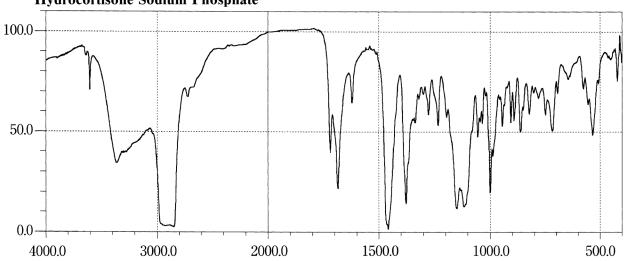

Hydrocortisone

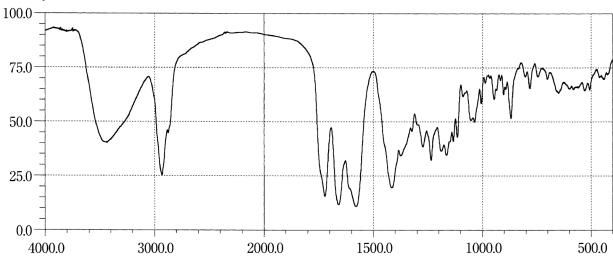

Hydrocortisone Butyrate

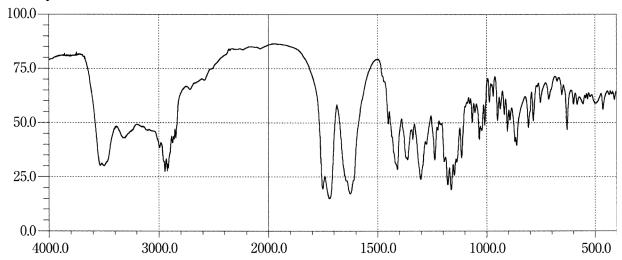

The JP Drugs are to be tested according to the provisions given in the pertinent monographs, General Notices, General Rules for Crude Drugs, General Rules for Preparations, and General Tests for their conformity to the Japanese Pharmacopoeia. (See the General Notices 5.)

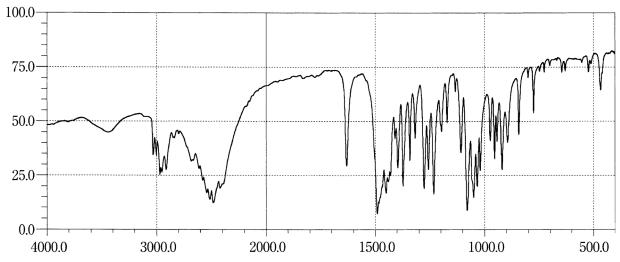

Hydrocortisone Sodium Succinate

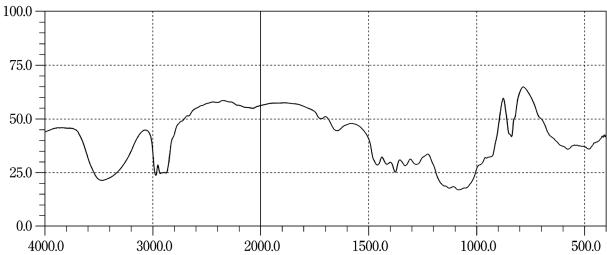

Hydrocortisone Succinate

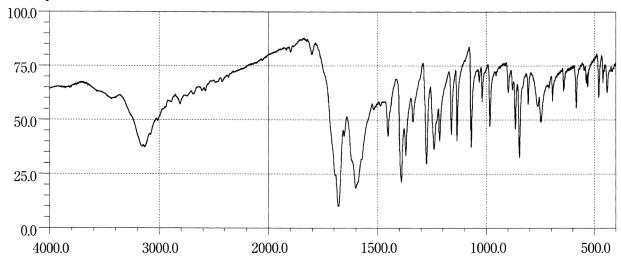

Hydrocotarnine Hydrochloride Hydrate

Hydroxypropylcellulose

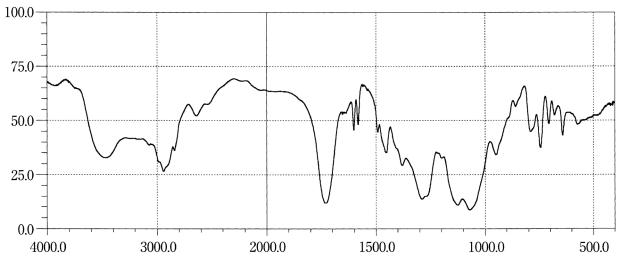

Hymecromone

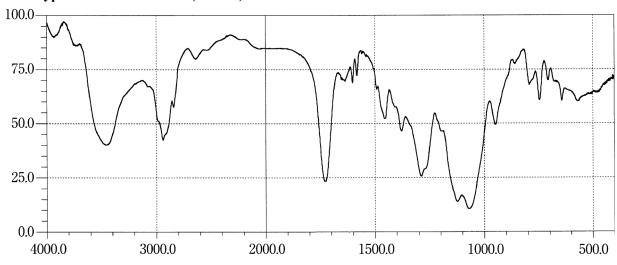

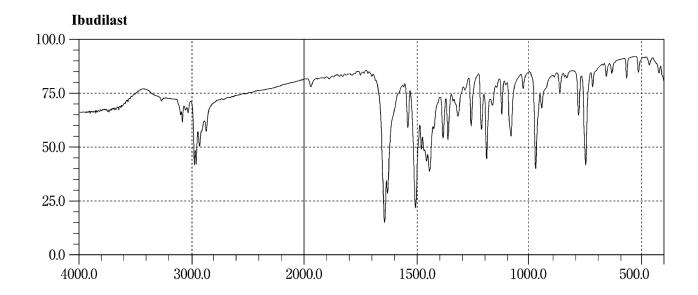

The JP Drugs are to be tested according to the provisions given in the pertinent monographs, General Notices, General Rules for Crude Drugs, General Rules for Preparations, and General Tests for their conformity to the Japanese Pharmacopoeia. (See the General Notices 5.)

Hypromellose Phthalate (200731)

Hypromellose Phthalate (220824)

The JP Drugs are to be tested according to the provisions given in the pertinent monographs, General Notices, General Rules for Crude Drugs, General Rules for Preparations, and General Tests for their conformity to the Japanese Pharmacopoeia. (See the General Notices 5.)
