# Revision of Precautions

## Benzoyl peroxide

### Non-proprietary name

Benzoyl peroxide

### Safety measure

Precautions should be revised in the package insert.

In the Important precautions section regarding cutaneous symptoms, the following text should be revised (underlined parts are revised):

Skin exfoliation (scales, desquamation), erythema, irritation, and swelling, etc., may occur during administration of this drug. There have been reports of erythema and swelling spreading to the entire face and neck. Patients should be carefully monitored. If any abnormalities are observed, appropriate measures such as discontinuation of administration should be adopted.
