## Revision of Precautions Chloral Hydrate

March 21, 2017

### **Non-proprietary name**

Chloral Hydrate

### **Safety measure**

Precautions should be revised in the package insert.

In the Clinically Significant Adverse Reactions subsection regarding dependence of the Adverse Reactions section, the following text should be revised:

Dependence: Drug dependence may occur due to prolonged use. Patients should be carefully monitored and caution should be exercised for dosage and treatment duration when administering this drug. In addition, withdrawal symptoms such as seizure, delirium, tremor, or anxiety may occur due to rapid dose reduction or discontinuation of this drug during prolonged use. Discontinuation of administration should be carefully carried out such as by gradual dose reduction.
