Revision of Precautions

Propofol

March 27, 2018

Non-proprietary name

Propofol

Safety measure

Precautions should be revised in the package insert.

In the Contraindications section, “Pregnant women” should be deleted and the following language concerning transfer to human fetuses in the Use in Pregnant, Parturient, and Breastfeeding Women section should be revised (revised language is underlined):

This drug should be administered to pregnant women or women who may be pregnant only if the potential benefits outweigh the risks (as this drug is transferred to the fetus, symptoms such as neonatal respiratory depression may occur).
