

## 1 **General Notices**

2 *Add the following next to section 33*  
3 *and move down the current section's*  
4 *numbers, sequentially:*

5 **34.** In principle, the JP Drug Products are controlled ap-  
6 propriately according to the direction under Elemental Im-  
7 purities of the general tests. The controls of drug products,  
8 drug substances and excipients can replace the controls of  
9 heavy metals, arsenic, etc. specified in the monographs.
