## CORRECTION

E32

**Povidone: Correction 2**

(Correction of the sign-off document signed on 25 October 2006)

### Item to be corrected:

#### Purity test for Formic acid (Page 4, Lines 3 to 5)

Change the sentence "Transfer a suspension of strongly acidic ion exchange resin (H<sup>+</sup> type) for column chromatography in water to a glass tube of about 0.8 cm in inside diameter and about 20 mm in length" to read "Transfer a suspension of strongly acidic ion exchange resin (H<sup>+</sup> type) for column chromatography in water to a column of about 0.8 cm in inside diameter to give a packing depth of about 20 mm in length"
