Partial Correction to Revision of Precautions

Part of the Revision of Precautions of package inserts notified by PSEHB/PSD 0117 No.1 by the Director of Pharmaceutical Safety Division, Pharmaceutical Safety and Environmental Health Bureau, Ministry of Health, Labour and Welfare, dated January 17, 2023, has been corrected as follows. The full version of the corrected revision of Precautions has been posted in the website page to replace the old version.

*Corrected language is underlined.

Correction	Current	Corrected
Current statement and proposed revision for preparations containing acetaminophen (oral dosage form, suppositories) (OTC drugs)	<p>Consultation</p> <p>If the following symptoms are observed after taking this drug, these may be adverse reactions. In such a case, the use of this drug should be immediately discontinued, and a physician, dentist or pharmacist should be consulted with this document.</p> <p>The following serious symptoms may occur rarely. In such a case, medical attention should be sought</p>	<p>Consultation</p> <p>If the following symptoms are observed after taking this drug, these may be adverse reactions. In such a case, the use of this drug should be immediately discontinued, and a physician, <u>dentist</u>, pharmacist <u>or registered sales clerk</u> should be consulted with this document.</p> <p>The following serious symptoms may occur rarely. In such a case, medical attention should be sought</p>

	immediately. (N/A)	immediately. (N/A) <u>*The highlighted part should be listed only in the preparations containing ibuprofen among antipyretics and analgesics.</u>
