

PMDA-ATC & MHLW Webinar 2023 for SFDA

- Approval/registration system and Orphan drugs -

In order to make bilateral relations closer and more cooperative between the Kingdom of Saudi Arabia and Japan based on the Memorandum of Cooperation between SFDA and MHLW on Medical Products and the areas of cooperation under the Saudi Japan VISION 2030, cooperation projects are prioritized.

As one of such prioritized projects, this seminar aims to deepen practical and cooperative relations between regulators of the two countries.
